## On Red Rule In East Europe

## Pressure By Khrushchev Seen In Talks With West

WASHINGTON (AP) — Soviet Premier Nikita S. Khrushchev apparently intends to press the Western powers hard in forthcoming talks to accept the present Communist rule of the countries of Eastern Europe.

U.S. officials said today that seems to be the significance of a blunt, little noticed section of a speech covering foreign policy issues which Khrushchev made Tuesday at Tula, a city south of Moscow.

Although Eastern European countries long have been under Communist governments, the Western powers have taken the line that Poland and Czechoslovakia, for instance, would

try to shoot their way to Berlin if it would mean war.

Addressing himself to Western leaders he declared: "Therefore, we say: be sensible! Understand our position. We do not want any acquisitions, either political or material. Let us endorse that which has happened as a result of the second World War and which has been recognized by the whole world. It is not to the liking of imperialists that after World War II socialism (communism) took root in Poland, the GDR (the East German Communist state), Czechoslovakia and other countries. Yet there is no escape from these facts."

## Police Back Judge's Drive To End False Bomb Alarms

By The Associated Press

Police in the Charleston area moved swiftly Thursday to back up a juvenile court judge's determined drive to end a wave of false school bomb alarms.

One Charleston and two Dunbar youths were arrested yesterday when they admitted participating in calls which emptied three junior and senior high schools.

Two more Dunbar boys were picked up by police there late Thursday after friends had implicated them. Both signed confessions stating their part in the Dunbar incidents, but a conference between police and Judge Herbert Richardson was to decide today whether they will be formally charged.

In Huntington, an 8-year-old girl — home sick from school — was named by police as responsible for a Wednesday bomb hoax which emptied an elementary building. She will be arrested and placed in the Cabell County Detention Home when she recovers, police said.

One other development occurred yesterday before the Supreme Court. The father of a Beckley youth sentenced to the Boys' Industrial School for a bomb call asked — and got — a rule of habeas corpus.

Donald C. Toney had petitioned the court to order the sheriff of Raleigh County to show cause why his 14-year-old son, Johnny should not be released from the county jail where he is being detained pending transfer to Pruntytown.

The rule will be argued next Thursday.

The Charleston boy's arrest was the third arising from a call last week which poured students from a capital city high school out into a driving rain.

Judge Richardson sounded his get-tough warning as the first two Charleston boys were sentenced to Pruntytown until they reach age 21. Many persons in Charleston thought the judge's stand might end the bomb calls.

## Ike Will End Talks Today With Mateos

## Friendship Pledges Are Exchanged With President Of Mexico

ACAPULCO, Mexico (AP) — President Eisenhower, feted lavishly and pleased by a warm reception, turns to a final round of talks today with Mexico's President Adolfo Lopez Mateos.

Eisenhower's two-day goodwill visit to this tropical resort on the Pacific Coast ends tonight. He planned to fly overnight to Augusta, Ga., for a weekend of golf, or direct to Washington if the Augusta weather is bad.

Eisenhower and Lopez Mateos exchanged pledges of international friendship when the U.S. President arrived Thursday. Then they talked informally aboard the Mexican chief executive's yacht, the Soltavento, during a four-hour cruise.

When they came ashore late in the day, spokesmen announced they had discussed the proposed Diablo Dam, a 100-million-dollar structure which would be built and financed by the two governments on the Rio Grande border about 12 miles from Del Rio, Tex.; Mexico's coffee industry, its production of lead and zinc and Mexican concern about competition between its cotton crop and that of the United States.

Neither White House press secretary James C. Hagerty nor the Mexican spokesman would provide any detail on the discussions.

Eisenhower got a rousing welcome on his arrival at Acapulco and another enthusiastic reception when he motored through the heart of the city to board the yacht. He drew more cheers when he was the dinner guest of the Mexican president at the Mirador Hotel.

Among the guests at the presidential table was former British Prime Minister Anthony Eden, who retired in January 1957 because of ill health. It was his first public appearance since coming to Acapulco last Dec. 17 to convalesce and work on his memoirs.

## Son Of Pastor Is Arrested In Extortion Plot

CHICAGO (AP) — A minister's son, described by a police official as a "terribly mixed up kid," was seized by police Thursday night and charged with attempting to extort \$3,000 from a doctor, a next door neighbor.

Police arrested Robert McQueen, 19, in a telephone booth in West Trier High School in suburban Winnetka as he talked to his intended victim, Dr. John G. Bellows, of suburban Glenview. Police said it was the third threatening call McQueen had made to Bellows in three nights.

Police Chief Arthur H. Pantley said McQueen admitted first phoning Bellows on Tuesday night, telling the physician to pay \$3,000 "or else your five children will not be alive at the end of the month."

Bellows, an eye specialist, has five children ranging in age from 6 to 12 years.

McQueen's father is the Rev. Thomas C. McQueen, pastor of the Glenview Union Church. The youth was held in \$5,000 bond on the attempted extortion charge.

## On Independence Threshold

## Cypriots Greet Peace Plan Step With Mixed Reaction

NICOSIA (AP) — Cypriots approached the threshold of independence today with some cheers, many wait-and-see doubts and a demonstration by Turkish teenagers opposing the peace agreement.

There was more general enthusiasm among the British at the prospect of shedding the ancient Mediterranean island than among the people they have ruled for 81 years.

Boisterous celebrations broke out in some towns on hearing the news that the blueprint for making Cyprus a republic had been initiated by Britain, Greece and Turkey. Thousands jammed the Greek Orthodox cathedral in Paphos for a thanksgiving service.

But in the capital for hours there was a restrained — almost ominous — feeling broken only this morning by a demonstration of young Turkish Cypriot students shouting the Turkish community's old cry for "partition or death."

The orderly crowd of 2,000 teenagers paraded around Atatürk

## Ex-Teamster Boss Spends Night In Jail

## Beck Found Guilty Of Pay Tax Evasion; Will Appeal Case

TACOMA, Wash. (AP) — Convicted of cheating on his income tax, millionaire labor leader Dave Beck Sr., 64, spent time behind bars for the first time in his life Thursday night.

The former president of the huge Teamsters Union was found guilty on all four counts of income tax evasion — covering \$240,067 for the years 1950-53 — and two counts of filing false returns. He could receive up to a five-year sentence and a \$10,000 fine on each count.

U.S. Dist. Judge George Boldt, who set sentencing for Feb. 27, was to hold an appeal bond hearing in Seattle today.

Beck's lawyers said the verdict would be appealed "all the way."

## Public Offices And Banks To Mark Holiday

Because Washington's Birthday falls on Sunday, Monday will be observed as a legal holiday for employees of city, state and federal offices and financial institutions.

Marking the holiday on Monday will be the First National Bank, Potters Bank & Trust Co., Post Office, Ohio State Employment Service, Ohio State Liquor Stores in East Liverpool and Wellsville and the West Virginia store in Chester, and the Carnegie Public Library.

The First Federal Savings & Loan Association and the Potters Savings & Loan Co. will be open for business on Monday, skipping holiday closings on Lincoln's and Washington's birthdays, Veterans Day and Columbus Day.

City schools also will be in session and stores will be open as usual.

The downtown and Station A offices of the Post Office will close at noon Saturday and not reopen until Tuesday morning. Mail will be received and dispatched as usual.

The Post Office and all four financial institutions also will observe their regular closing hours at noon Wednesday.

Harry Dinsmore, manager of the OSES office, said claimants who normally report on Monday have been instructed to report Tuesday.

City Hall offices, including Municipal Court, and the Courthouse at Lisbon also will be closed all day.

The slogans were an obvious reference to Archbishop Makarios, leader of the 400,000 Greek Cypriots who has often been denounced by the 100,000 Turkish minority on the island. Makarios appears certain to be the first president when the republic comes into being.

All Turkish schools in the capital were closed.

In the west coast port of Paphos more than 1,000 students stayed away from classes to celebrate.

Most of the newspapers in Nicosia carried the news that the pact drafted in Zurich had been approved at the London conference without editorial comment. But the left-wing Haravgi was sharply critical, saying "under choking pressure of threats and ultimatums Makarios was forced to initial Zurich agreement." The Communists were angry that Britain would keep her military bases on the island.

In his first major Senate speech, the freshman senator Thursday attacked President Eisenhower's 1960 spending program as being "budget wise and survival foolish."

## Gov. DiSalle Against Movie Censor Bill

## Tells Newsmen It Might Well Violate First Amendment

COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle has indicated his disapproval of a movie censorship bill now before the Ohio Legislature.

At a news conference Thursday, the governor expressed the belief that "to set up someone to try to act as a censor, to say what a person should see, could be something very well violative of the first amendment of the constitution."

He added that as a matter of principle, he does not like censorship.

"It would be difficult to write a censorship law under the rules laid down by the Ohio Supreme Court," DiSalle told newsmen.

The court nullified Ohio's movie censorship law in 1954.

"I would advocate strong regulation of the distribution of pornographic literature of any kind," DiSalle said.

Asked if that included movies, he answered: "Certainly."

The governor announced formation of a Cabinet-level committee to study the problem of retarded children.

"Presently there is no sharpness and no consciousness in handling the problem," DiSalle said.

"Each department concerned appears to be going its own way. A dovetailing effort would be superior so that each group dealing with the problem can supplement other efforts."

The committee is composed of Dr. Robert A. Haines, director of mental hygiene and correction; Dr. Ralph Dwork, health director; Dr. E. E. Holt, superintendent of public instruction; Mary Gorman, welfare director, and James Tich-

## Treatments For Cancer Start On Dulles Today

## Nothing New In Proposal, Report Says

## British Premier To Take Allied Policy To Moscow Saturday

LONDON (AP) — The Soviets today gave a chilly reception to Western proposals for a Big Four foreign ministers conference on Germany but still left the door open to direct negotiations.

An English-language commentator on Moscow radio said the Western notes handed the Kremlin Monday, "do not contain a single more or less constructive suggestion capable of facilitating settlement of questions either of Berlin or of Germany. It all boils down to the same invariable 'no' the West has been giving us all the time," the broadcaster said.

The belief grew in the West that Soviet Premier Nikita S. Khrushchev would press for Big Four summit talks — rather than a foreign ministers meeting — when he receives British Prime Minister Harold Macmillan this weekend.

With U.S. Secretary of State Dulles ailing, the suave, British premier appeared emerging as the coordinator of Allied policy in dealing with the Soviets. He told the House of Commons Thursday night that after his talks with the Soviet leaders, he would visit Bonn and Paris and "perhaps Washington with a view to formation of the Western allied policy."

Macmillan leaves for Moscow Saturday to spend 10 days sounding out Soviet leaders on possible grounds for a compromise in the cold war. He is especially anxious to find out what Western concessions the Kremlin is really angling for — without making any commitments on behalf of the Allies.

## Near Zero Due Again Tonight

## Saturday May See Cold Easing Slightly

The late winter cold wave will retain its grip on the Tri-State District tonight with another near zero reading for the Ohio Valley and below zero expected in the rural areas.

Biting winds added to the severity of the cold Thursday and the mercury plummeted to a frigid 3 above zero at Dam 8 at 4 a. m. today.

But Edwin Copeland's U. S. weather station at Millport chalked up an Arctic — like 8 below.

He said this is not unusual for February and there was a similar reading last year at this time, although that cold wave hung on for nearly two weeks.

Fredericktown, the unofficial "ice box" of the county, lost its bid as the coldest spot. A householder reported 7 below last night but Millport had it colder by one degree.

Temperatures remained far below freezing yesterday with a high of only 17 degrees recorded in the afternoon at the dam. Today's forecast is for a high range of only 14 to 18 degrees and a low tonight of zero to 5 above.

The Ohio weather Bureau at Columbus said Saturday will be less cold but Sunday will see a return of the frigid weather with a moderating trend expected Monday through Wednesday.

The Ohio Valley will have a few scattered snow flurries.

There was only one consolation for residents who have had enough of winter — the days are growing longer and the sun is out more often, which tend to shorten cold spells.

## Atlas ICBM Bursts After Short Flight

CAPE CANAVERAL, Fla. (AP)

— A burst of white light high in the sky early today marked the explosive ending of an Atlas ICBM after a three minute flight.

The powerful war rocket shattered to bits in a spectacular fireworks display over the Atlantic when an undetermined malfunction occurred, the Air Force announced.

The 80-foot missile was blazing at full steam on the start of what reportedly was a 4,900-mile flight test when it burst apart.

The surprise blowup broke an impressive string of seven successful launchings in the last five months for the huge missile that carries U.S. hopes of catching the Soviets in the space race in the near future.

Atlas No. 21 rose precariously with a brilliant flash at 12:38 a. m. and appeared to be performing smoothly as it looped over and darted toward the southeast.

Debris rained in all directions as the rocket exiled shortly as the 300,000 pound thrust twin booster rockets burned out and dropped away. The main sustainer engine still was burning brightly.

The cause of the failure was not known immediately. No announcement was expected because of the security aspects of the military shoot.

Since the last explosion Sept. 18, the "Big A" scored a series of triumphs highlighted by the first 6,325-statute mile intercontinental range shot Nov. 28 and the satellite success of Dec. 18.

## Seek To End Strike

BRUSSELS (AP) — Mine owners and union chiefs gathered in Brussels today to open negotiations for settlement of the coal strike which has idled 100,000 workers. The miners are out in support of 6,500 of their mates threatened with loss of their jobs by government plans to shut down antiquated coal mines.

## Crash Results In Banishment

Driver Was Hunted  
In Sales Complaints

A Hubbard house-to-house salesman, involved in a car accident near Rogers Thursday, was ordered to stay out of Columbiana County by sheriff's deputies, who had been on the alert for the man for some weeks.

Willis D. Powell, 40, was driver of a car involved in a collision with an auto operated by Mildred E. Wise, 18, of Lisbon R. D. 5 yesterday afternoon on Township Rd. 891 south of Rogers.

The State Highway Patrol at Lisbon said the woman's car skidded into Powell's car, causing minor damage. The patrol, on the alert for Powell, notified the sheriff's office which dispatched deputies to talk to him.

Complaints about Powell's merchandise, such as waxes and other items, along with other complaints about his misrepresenting himself, had been received at Lisbon. Powell was ordered to stay out of the county.

William E. Hill, 35, of Lisbon R. D. 1 was cited for driving left of center after he lost control of his dump truck on Route 30 a mile west of Lisbon last night, and it overturned and hit a utility pole. He was unhurt, officers said.

## 'Alice' Under Rehearsal Beaver Students To Give Play For District Schools

Final rehearsals are being held by a Beaver Local High School dramatics group for presentation of "Alice In Wonderland" as a children's play in area schools.

The Masquers Club is slated to perform the adaptation of Lewis Carroll's famed children's book, featuring costumed characterizations of the Mad Hatter, the March Hare, Tweedledum and Tweedledee and others.

The play is scheduled March 5-6 at Beaver Local High School and March 7 at East Liverpool, with later bookings to be arranged at other schools such as Columbiana and Salem.

Harry West, Beaver Local faculty drama director, has adapted the book for the stage, and hopes to make the children's plays an annual event in the area, starting a new trend in high school dramatics.

West, who has had previous experience in children's theaters in New Mexico, said, "I believe there is a real need in this area for entertainment for our youngsters, and we hope to do our part in bringing it to them."

Incidental music for the play has been arranged by Jack Campbell, school music director, and will be performed by Mary Smith, Bud Wilson, Betty Stiteler, Dorothy Smith, Susan Buede, Jim Trotter and Marcia Emmerling.

The cast will include Sue Brooks as Alice, Bill Dunn, Debbie Ash-

## Runaway Auto Crashes Tree

3-Way Wreck Also  
Reported By Police

A 1956 sedan drifted away from a parking place in front of the owner's home on Monaca St. early Thursday night and coasted 100 feet downgrade toward Pennsylvania Ave. before it was halted by a collision with a tree, police reported.

Ralph Eck, 1039 Monaca St., told police he parked the auto about 4 p. m. when he returned from work. About 7:30, a passerby notified the family the car had drifted over the embankment and crashed into the tree.

Monaca St. parallels Pennsylvania Ave. The Eck home is located on the hillside above the Station A Post Office. Eck told police the brakes apparently slipped and allowed the car to drift. The hood, front bumper and grille were damaged. A wrecker retrieved the auto and towed it to a Wellsville garage.

Meanwhile, three autos were damaged in a crash at 7:48 a. m. today on Webster Way 100 feet east of Jefferson St., police said.

Two of the cars involved were a 1953 coupe driven by Joseph H. Kidney, 37, of 1137 Hillcrest Rd., Wellsville, and a 1956 station wagon operated by Herman Logue, 44, of 364 Indiana Ave., Chester. The third driver was to report to police headquarters, but he had not appeared shortly before noon.

The Kidney and Logue vehicles were halted at the time and both were eastbound, police said.

## Shift To General Election

## West Virginia House Vote Due On School Board Bill

CHARLESTON (AP) — Election of county board of education members would be shifted from the primary to the general election under a bill up for passage in the House today.

The voting for board members would continue on the present non-partisan basis under the bill.

The proposed shift from the primary to the general election is contained in an amendment which the House yesterday wrote into a bill dealing with another aspect of board elections. Del. W. T. Brotherton Jr. (D-Kanawha) offered the amendment.

It was among 13 bills — not counting the regular Friday calendar of local bills — which were up for passage in the House.

The House convened at 10:30 a. m. The Senate, which did not meet until 1 p. m., had eight bills up for passage. The possibility of a Saturday session of the Senate depended upon whether its Finance Committee reported any highway

revenue measures to the floor before the session today.

A tax bill which the House had at passage stage yesterday was moved back to amendment stage without having come to a vote. The bill, to raise an estimated three million dollars a year by a new tax on property transfers, was backed down to amendment stage because of the possibility that it may need some changes.

A bill to provide stiffer penalties under the obscene literature law was passed by a 90-9 vote of the House yesterday and sent to the Senate.

It is now a misdemeanor to possess, sell, distribute or exhibit obscene literature. The bill removes mere possession from the list of violations and leaves other first-offense violations as misdemeanors.

But second and subsequent offenses would become felonies, punishable by one to five years in prison and a fine of up to \$1,000.

(Continued from Page One)

"We must be firm but flexible," he told Commons.

Macmillan emphasized that any proposal by Khrushchev for disbandment of the North Atlantic Treaty Organization was out of the question.

"Nothing must be done which would result in the withdrawal of American and Canadian forces from the continent of Europe," he said. "Within that, nothing ought to be excluded."

## Chester Man Freed, Companion Convicted

William Drumm Jr. of Chester was acquitted of a robbery charge by a Common Pleas Court jury a Lisbon Thursday and his companion, Robert Higgins of East Liverpool R. D. 1, was found guilty of a lesser charge of pocketpicking. The two were indicted for the \$500 robbery of Clyde Finley of Chester last July. Ray Junior Hess of Wellsville pleaded guilty earlier and was a prosecution witness.

Finley is a patient at West Virginia institution and was not present at the trial to testify. The jury deliberated 3½ hours yesterday. Judge Joel H. Sharp deferred sentencing of Higgins to permit him to file a motion for a new trial.

## High-Level Topic At Acapulco

The remarkable thing about the meeting between President Eisenhower and President Adolfo Lopez Mateos of Mexico this week is that no one knows why they decided to meet, and it is unlikely anyone will know what they talked about.

There is, nevertheless, plenty to talk about in high-level conversations between the presidents of the United States and Mexico. Mexicans who come to the United States to hire out as farm labor, for example.

They have had a heavy impact on the farm economy of the United States. In California, Texas and Arizona, agriculture had learned to depend on them heavily by the mid-war years. By 1951, the government of Mexico was ready to make an agreement with the government of the United States to send its nationals to this country to live in work camps. As many as half a million Mexicans are involved in this practice. Some come to the United States legally; some come here illegally.

But once they are here all of them lead

themselves to some of the most backward employment practices and working conditions to be found in the civilized world. Their plight is a disgrace to the United States, which lets them come in, and to Mexico, which lets them leave.

One of the things that might be talked about profitably at Acapulco is whether two governments that exist by the consent of their sovereign people can afford to be parties to a contract that permits the exploitation of human beings. These workers are not covered by welfare and labor-protection laws. The wage-hour provisions do not apply to them. Child labor laws are ignored widely. Regulations for safety and comfort are neglected. The workers are prey to all varieties of official and unofficial avarice.

Acapulco is a heavenly place, reportedly. But if the topic of the exploitation of impoverished Mexicans who come to the United States to subsidize U.S. agriculture with their misery and defenselessness comes up, all the sunshine will be forgotten.

## In Fairness To One And All

The fair employment practices bill co-sponsored by Sen. Ed Witmer of Canton and Sen. Charles J. Carney of Youngstown has passed the Ohio Senate 25-6 and stands a good chance of passage in the House.

Ohio is within easy voting distance of having a FEP law, a goal that has been sought for a long time in this state. If it is attained, an important change will have been made in the circumstances of employment.

Every employer in the state will be potentially in a crossfire of pressure from a law that says he must not discriminate in his employment policies because of race, color, religion and national origin and pressure from those who want to make him discriminate on these grounds.

Relatively few employers personally harbor the prejudices that have been reflected in employment practices. They usually have reflected the prejudices of other employees and their customers. An FEP law expresses a legislative resolution that the employer should reflect no prejudice, his own or anyone else's. Thus, it has the effect of putting all em-

ployers on guard, and to that extent FEP laws have been successful. It has been the experience of states that have had them in effect for some time that they do have the effect of getting rid of discrimination, mainly because no employer wants to be accused of discrimination.

It is to be noted in this respect that the language of the law is broad. A white job applicant could not legally be discriminated against by a Negro employer, nor could a Negro applicant legally be denied employment, on the basis of color. An American of American parentage going back to the Mayflower could not be discriminated against by some other American of more recent foreign origin. A non-religionist would have as much grounds for complaint if denied employment as a religionist who felt he had been discriminated against because of his religion.

This is the ultimate test of a good law — that it should apply with equal force to one and all. Otherwise, it was not framed and cannot be enforced in good faith and is a bad law.

## There Could Be A Showdown

The thing no one else has proposed seriously up to now has been proposed by David Lawrence, the columnist whose castigations of the Supreme Court have been so unrelenting that Chief Justice Warren is reported to keep track of them day by day.

Mr. Lawrence wants to take the sting out of the 14th Amendment to the Constitution by rewriting it to say that "the people of any state may provide... for a referendum vote, at a special election to be called solely for that purpose, and may by such referendum amend the state constitution to establish within any such state complete and exclusive control by the state over its educational institutions, programs and curricula, including the right to assign pupils to any school supported by public revenue on whatever basis the State Legislature may determine."

This would have the effect of suspending the effect of the 14th Amendment on all matters pertaining to education. The principle of equal protection of laws would be sidetracked as far as education was concerned.

Mr. Lawrence has argued ably in his news-

paper column that it should be sidetracked in this respect. He has indicated at times that he would like to have it sidetracked in other respects, too, though his proposal refers only to educational institutions.

His idea may be expected to meet with favor in states resisting educational integration. States that withhold the right to vote from part of their citizens also may be expected to support it as a rebuke to the authority of the federal government. It would be the logical beginning of a schism that could bring about another division in the Union between states that recognize federal authority and states that reject it.

If it came to a vote, there could be a showdown on sentiment about the Supreme Court's attempt to make the 14th amendment mean what millions of children have been taught it means. Those who argue, no matter how ably that it always has meant something else, would discover, we believe, that the principle stated in the 14th amendment is vastly stronger than they ever dreamed it was, even in the South.

## A Sucker Born Every Minute

The next time you drive across a bridge or alongside a stream and see one or more men or women bearing fish poles at this time of year, give a thought to suckers:

That is what the pole bearers are thinking about — suckers that live in the chilly, muddy waters of half-flooded streams and are ready to be yanked out of the dark bottoms of the pools where they hang out.

The oddity is that suckers are not highly prized for anything but catching; they are not game fish; they are not protected by law. They are full of bones, and they don't have much fight in them. True, they are edible, though incredibly bony, but that is not why they are fished for this early in the year.

A sucker fisherman wants to build a snug fire on a wet bank in a sheltered place and

start his bucolic meditations early. He is tired of central heating and TV commercials. He yearns for the reassurance of birds in motion in the sky and the first sight of a willow turning color. He wants to renew his acquaintance with the outdoors. He is like the baseball fan who wants to be first in line at the ticket window.

Take a look at the sucker fisherman — an appreciative look. As sportsmen go, he is something special. What he seeks is worth the seeking — the raw wind, the bad footing, the chill and even the bones he must be careful to keep out of his throat. To him alone there is comfort in the adage that there's a sucker born every minute. Otherwise, there would be no suckers and no excuse to go fishing in February.

## The Once Over

The worse thing that can happen to baseball is the tightened-up high-speed game suggested in some quarters, including the bullpen close to the pitcher's box, fewer motions by pitchers and no huddles in crucial moments. The clowning, huddling, long walks from the bullpen and monkeyshines in the pitcher's box are top ingredients of national game.

It is one sport that calls for mystery routines, mumbo jumbo, hassles, confusion and folderol. Precision techniques and pushbutton operation would drive fans fleeing to the hills.

TO THE RAMPARTS, men against the closeup bullpen. Pitchers belong away out in the field where they retain an air of detachment. They are the cavalry in reserve in the mountain pass, the fire company awaiting the second alarm, the frontier marshal's deputies killing time in the poker game until the marshal gets into trouble at the O.K. Corral.

When a pitcher is taken out of the box the fans have their interval with Napoleon at Waterloo, Gordon at Khartoum, the Maine in Havana Harbor and Dempsey at Chicago. A relief pitcher striding in from the horizon personifies Teddy at San Juan, "Little Phil" Sheridan at Winchester, U.S. Grant taking over along the Potomac and the substi-

tute animal tamer entering the lion's cage after the regular tamer has been chewed up.

Some clubs use autos to take pitchers from bullpen. This is murder. A relief hurler transported like a tired businessman hurrying to a late luncheon is hard to take. Curbing those backslappings and conferences around the box is no good, either. Only a sadist likes a pitcher left alone and comfortable in a crisis.

Cut down the pitcher's motions, cap-thumpings, mound-kickings, etc.? Never! It's showmanship. It's color. It's tradition.

Still fewer trips to mound by managers? They've been cut too much already. What baseball needs is more old-fashioned everyman-for-himself ruckuses.

FIDEL CASTRO is the new premier of Cuba. Installation had no commercial by Gillette, however.

## Out Of A Clear Sky

## COPE Pushes Election Drive

By Victor Riesel

Confidential mail dispatched from labor's central political headquarters in Washington to the nation's union chiefs discloses a drive for an unprecedented \$2,700,000 campaign chest — though 1959 is an off-year of local elections. This political war fund goal is one million dollars higher than the quota the AFL-CIO's

Committee on Political Education (COPE) set for itself in last year's successful campaign to put a majority of its friends in Congress.

The cash pool is for the use of the central office. It generally is matched many times by unions out in the field.

Should you be curious over whom these millions — if collected — will back, there is evidence that not a dime will go for Rockefeller or any other Republican of consequence between now and '61.

THERE HAD BEEN some GOP hope that New York's Gov. Nelson Rockefeller might win over some of the powerful labor leaders. This hope became a museum piece St. Valentine's day, in the Hotel Commodore. The AFL's staid, conservative and well-preserved Central Trades Council was assembled for its annual Lincoln Day dinner.

A Western Union messenger arrived with a telegraphed note from Gov. Rockefeller. He was detained. The telegram was read. The diners booed — not at his being detained, but at him, his party and his program.

Gov. Rockefeller was not the only one in his party who was learning that labor had not the slightest intention of breaking with the Democrats — not even of chipping away a bit. Another liberal Republican, U.S. Secretary of Labor James Mitchell, has tried to win the unions over but this past week appeared to be giving up.

He had been scheduled to appear before the AFL-CIO Executive Council in Puerto Rico. Mitchell has a grapevine relationship with some labor people — and he learned from them that the high command was waiting for him to set foot on the island so they could send him back to President Eisenhower with some mighty tough messages about higher spending.

JIM MITCHELL, a GOP vice-presidential hopeful, thought that temps might get too hot in the warm Caribbean sun and stayed in freezing Washington.

From further confidential letters mailed early in February by James McDevitt, national director of COPE, it is evident that labor is not wasting a day in its anti-Republican build-up this year.

A communication to the nation's labor leaders dated Feb. 6, reveals why COPE has set this quiet political year's campaign budget at a million dollars higher than the last one.

"During 1959 the Committee on Political Education will hold 20 area conferences in three series, throughout the country," this letter discloses.

In the past there have been only eight such two-day parleys during which labor's local politicians were briefed, brain-trusted and pep-talked.

Here is the dramatic section of the communication:

"We feel that by having more conferences, each involving fewer states, the delegates will be enabled to discuss more intimately and thoroughly the procedures and problems of our political program involving registration, communication of issues and campaign problems.

"Because of the importance of these conferences, we hope to have

delegates from as many local unions as possible. We would deeply appreciate your advising your locals of the dates and locations, as well as the states involved, urging them to send at least one delegate."

IN STILL ANOTHER communication, COPE chief McDevitt asks the national labor men to help him take an inventory of the success of the political activity of every local in the land.

He says that more than 1,000 replies have come into central

headquarters. These are being analyzed. But they are not enough. The entire labor movement is being polled so weaknesses can be discovered long before the 1960 election.

"Strategy 1960" has been so smoothly worked out that the special administrative committee of COPE, which traditionally meets and reports to labor's high command at its mid-winter session, decided not to go to Puerto Rico.

The politicians knew what they wanted. Wasting time was not on its lists.

## What Is Force?

By James Marlow

WASHINGTON

It's just a simple question in philosophy right now — What is force? But in a few months it may be the heart of a crisis over West Berlin.

This is a brief version of the problem:

Not only is East Germany Communist-run, under the thumb of the Soviet Union, but so is the Eastern Zone of Berlin which is the capital of the East German government. The Soviets have troops there. Berlin is 100 miles inside East Germany.

But the 2,200,000 civilians in West Berlin consider themselves citizens of West Germany whose capital is in Bonn. West Berlin is a Western showpiece. Its high prosperity is a glaring contrast to the drabness of East Berlin.

Since World War II days, through agreements with the Soviet Union, the Western Allies have had troops in West Berlin. They are supplied from West Germany — by plane, rail and road — through or over 110 miles of East Germany.

But since last November the Soviet Union has made a number of demands and proposals which compel the West to face or avert a crisis. The Soviets in effect set a deadline around May 27.

They call for making West Berlin a free city; they want Western military forces withdrawn; they want a settlement of unifying the two Germanys; they talk of making a separate peace settlement with East Germany.

And they talk of turning over to the East German government full control of what can enter East Germany. To put it another way, the East German Communists would be free to refuse to let the Allies send military supplies to West Berlin.

What would happen if they did that? A lot of things could happen. For one: The Allies can hardly abandon the West Berliners whose "free zone" would become a small island completely surrounded in the sea of Communist East Germany.

The Allies at this point apparently don't know what to expect. They decided to try talking before the May 27 deadline. They proposed that the United States, the Soviet Union, Britain and France

have a foreign ministers conference.

This proposal had hardly reached the Kremlin when Premier Nikita S. Khrushchev threw another log on the fire Tuesday.

Referring to the idea that the Soviet Union might let the East Germans refuse to permit passage of military supplies to West Berlin, he said:

"Any violation of the German Democratic Republic's sovereignty will be fittingly rebuffed, regardless of how the violation is made: by water, ground or air."

Then Khrushchev suggested that if the Allies tried to shoot their way through East Germany to West Berlin it would mean war.

"Everyone realizes that if anyone starts shooting that would mean the beginning of war," he said.

President Eisenhower, asked about the Khrushchev comments at his Wednesday news conference, replied: "We are not saying that we are going to shoot our way into Berlin."

He said if the Western powers were prevented from carrying out their obligations to the people of West Berlin "it will be somebody else using force."

He said Khrushchev "must be talking about shooting to prevent us from doing our duty. After all, that is what is going to happen, if it happens."

That brings back the question which may have to be settled on the East German frontier: What is force?

Is it force if the United States — arguing it has a right and duty to ship supplies to West Berlin and has agreements with the Soviets to let the supplies through — insists on going through? Is that force?

The West would argue: No. But the Soviets, who now claim the old agreements are outdated, would insist any attempt by the Allies to send military supplies through East Germany against the East German government's will is force.

Perhaps this will happen, if the situation gets that far: The first time the East Germans refuse to let Allied supplies through, the West — instead of seeking a showdown there and then — may stop short of trying to ram through and take the case to the United Nations, at least for discussion.

## Down Through The Years

From The Review Files

THIRTY YEARS AGO — For the benefit of the piano fund, pupils of the 6th St. School presented a vaudeville program in the high school auditorium.

Miss Helen Virginia Bailey, daughter of Mr. and Mrs. W. F. Bailey of St. Clair Ave., completed her course at the Ithaca Conservatory and Affiliated Schools at Ithaca, N. Y.

Wellsville High School basketball teams took both ends of a doubleheader with East Palestine, the boys winning 23-22 and the girls 33-21.

TWENTY YEARS AGO — Mem-

## Khrushchev's Bluster

By David Lawrence

### U.S. Undaunted By Threats Over Berlin

Dictator Khrushchev isn't scaring anybody in Washington with his blustering statement that any attempt by the Allies to break through to Berlin by land, sea, or air would be met by force.

President Eisenhower has countered with the simple declaration that the United States and the Western powers will continue to carry out their "responsibilities" under the 1945 wartime agreement and that "it will be the other side, if there is going to be any force," which will have to use it "to block our carrying out our responsibilities."

These are serious words from the President of the United States. No further authority is needed from congress, moreover, to resist an attack on the American troops stationed in West Berlin or in the approaches to that city.

It is written in the North Atlantic Treaty, as ratified by the U. S. Senate, that any attack on a member state or its forces — which includes West Berlin — can be considered an attack on all the Western powers, including the United States. Congress has, therefore, already authorized the use of the armed forces of the United States to repel attack.

The President made it clear that the United States would not initiate any fighting. He said to his press conference:

"He (Khrushchev) must be talking about shooting to stop us from doing our duty. After all, that is what is going to happen if it happens."

We are not saying that we are going to shoot our way into Berlin. We say we are just going to go and continue carrying out our responsibilities to those people and the ones that we agreed to undertake way back in 1945. So that if we are stopped, it will be somebody else using force."

THE PRESIDENT performed a service to world peace by making it clear that the United States will not fail to resist any attack on the Western Allied military forces as they pursue their rights under the 1945 agreement. That agreement was adopted when the men of the armed forces of the United States and its Western Allies were completing the job of saving the Russian people from possible conquest by Hitler's armies.

It seems a brazen piece of ingratitude for the dictator in the Kremlin to demand now that West Berlin be given up to whomever

the Moscow government says shall occupy it, thus disregarding the inter-allied agreement altogether. Certainly, unless consent is given by all the partners in the war, the territory of West Berlin should remain in its present status. Any attempt to alter that status by force becomes an attack by the Soviet Union on the Western Allies. This would mean the beginning of a war, and it seems incredible that Dictator Khrushchev would take such a risk.

It may be that Khrushchev thinks the Western Allies will not stand together and would not risk a war. But that is the kind of miscalculation which the Communist leaders in Moscow should never make. For, if fighting breaks out in the vicinity of West Berlin, it could result in a revolution inside East Germany and in some other satellite countries as well as in the Soviet Union itself. The peoples behind the Iron Curtain do not want war. That's why it is so important to make clear before all the world that it is the head of the soviet regime who today is deliberately planning to initiate war.

Some of the same menacing maneuvers were made by Red China just before opening a bombardment on Quemoy and Matsu a few months ago. But President Eisenhower and Secretary of State Dulles stood firm, and the Communists have not risked an attack on Formosa, which Congress has, by resolution, pledged the United States to defend.

THE UNITED STATES is not going to be bluffed by either Peiping or Moscow. To make sure the Communists understand this, it has been necessary, as Mr. Dulles once said, to be ready to go "to the brink of war."

This has been cynically referred to as "brinkmanship," but it works. It is a manifestation of resoluteness that presents war, breeds way by encouraging the mistaken belief that one side will not fight if attacked. Then, when disillusionment comes, war is already under way. So it is much better to say in advance explicitly what will or will not be done in a given contingency.

The feeling in Washington is that the Soviets will not risk war but will talk about it in the hope of forcing surrender. Firmness and unity on the Allied side were never more important. This applies also to those well-intentioned members of Congress whose words, implying a readiness to make concessions, are taken abroad to be a sign of weakness.

This is one time above all others when the executive branch should do the talking and the legislative branch should, if it speaks at all, uphold the hands of the President and the secretary of state.

## Mister Squeaker

By Truman Twill

These so-called scientists keep scaring me half out of my so-called three score years and ten about putting space travelers into "frozen sleep" for long journeys into space that may last many lifetimes.

We've always known that no good would come of cold-storage turkeys. My mother was right when she looked at their "arrested development" with a jaundiced eye. It isn't fittin' that men should fool around with nature, she thought.

But men are doing it. This very minute, they're getting ready to freeze mice at the University of California in Los Angeles, to see what luck they have in bringing them back to life after chilling them down to 100 degrees below zero.

Does it make you feel spooky, too, when you think a frozen mouse might be warmed up and returned to life after an aeon or two, out of place and time — and when you think this is only the prelude to fooling with people?

But that is long-range worrying for so-called scientists. What bugs some of us low-voltage worriers is simpler. It is the fear of a slip-up in experiments with the lower animals.

Right now for all the scientists know that little monkey they poofed into space is up there somewhere receiving the Very Important Personage treatment as the first visitor from Earth. They never got him back, nor did they ever locate the remains of the rocket he was fired in.

First impressions are important. We earthlings cannot afford to let knuckle-headed scientists complicate our affairs for aeons to come by sending the wrong ambassadors for initial contact with beings in outer space.

This country has found out the folly of letting itself be represented by monkeys and apes. The world should not have to learn the same lesson as it sets up diplomatic contacts in the Milky Way. We can afford to shoot up nothing but the best. It will be none too good.

Take a frozen mouse. Suppose the scientists get carried away by their little-boy enthusiasm for whamming all sorts of things into the blue and wham up a mouse, just to see what will happen. Then suppose the mouse, thanks to hocus-magic with interplanetary magnetic fields and a lot of other scientific jazz goes whooshing all the way to Venus, where the natives

would haul out the poor little feller and interview him.

"Mister Squeaker," they will inquire, "what do you think of the women here on Venus?"

Naturally, the dumb little galoot will not know what the Venusians are talking about. He will think, maybe, they are asking him about mice. So he lashes his little tail and rolls his little eyes. And the Venusians will think he is goading himself into a frenzy and thinking about co-eduction or something equally subversive and hurtful to good moral fiber in their society and first thing we'll know there will be a war going on with the Venusians.

Ally because some dumb mouse doesn't know the language. No sir, we cannot afford to repeat the mistake we've been making with stupid ambassadors. We'd better send our best or quit.

### Odd Facts

The longest time on record that a person has gone without food was set by a German, Willy Schmitz, who fasted for 58 days in a glass cage at the Frankfurt zoo in 1950. He subsisted on soda water and cigarette smoke and lost more than 70 pounds.

The occupations which are hardest on the eyes, according to findings of the Better Vision Institute, are as follows: Stenographers, teachers, draftsmen, physicians, dentists, clergymen, lawyers, jewelry and watchmakers, tailors, barbers and engravers.

The average bee visits between 12 and 15 flowers in one minute. And inasmuch as it generally works about eight hours a day, this means that it makes between five and seven thousand visits a day.

## Complaints Made At Chester

## Council Airs Damage To Streets

Chester's winter-damaged streets, the city driver's license system and a reported partial private ownership of the sewer system were aired at a meeting of Council Thursday night.

A delegation of Fairview St. and Fairview Rd. residents, headed by Jack Johnson and Thomas Cunningham, complained about the rough surface of the roadway in that area.

COUNCILMAN Charles Kology, chairman of the street committee, told the group it would be a waste of money to patch the depressions with tar material during the freezing weather, but gravel would be applied to the damaged places as a temporary repair.

Mayor Burton Ward said Fairview St. would be recommended as the priority project on the summer street improvement program when the appropriation is made this year. Kology later said improvement of Pyramid St. and the Lawrenceville Rd. will also be on the priority list.

The street department is to investigate a complaint from James Handley of Pan Ave., operator of the Chester Dry Cleaners, that the street is in a damaged condition. Residents of the area contend a truck of the Sparkle Dry Cleaning Co. of Weirton has caused the chief damage.

COUNCILMAN John Olash told Handley temporary repairs will be made now, with improvement scheduled when weather permits.

A claim that a sixth of the city sewer system is owned by the estate of the late J. E. McDonald was reported by Dan McDonald of East Liverpool, a son of the former Chester mayor and city realty developer.

McDonald showed a deed to the sewer property dated Aug. 6, 1943, and signed by the late C. A. Smith and his wife, along with Atty. W. W. Ingram of Chester.

McDonald said he and his brother would like to have the property liquidated as soon as possible. Council referred the matter to City Solicitor William Conklin.

CITY CLERK ROY Cashdollar reported a total of \$3,215 was collected in 1958 from the city driver's license fee. Mayor Ward some time ago said he would recommend termination of the license starting July 1 and he reiterated the promise last night.

Councilman Kology said he does not see anything wrong with the license fee, but every motorist in the city should be required to pay it. Robert Smith of Pyramid St. said he doesn't believe the license fee is injurious to anyone, and said the \$3,215 income is not great and it helps out in the street program.

Cashdollar reported the street improvements in 1958 cost \$13,000. Kology said crews of the Manufacturers Light & Heat Co. have failed to light warning torches at depressions in Indiana Ave. near 2nd St. where excavations were

made recently. He said the depressions have developed where the utility used slag to fill the openings.

HE SAID HE will see to it that the utility places the street in the same or improved condition compared to what the surface was previously. Mayor Ward asked Cashdollar if the utility had obtained permits for the excavations, as required by the new city ordinance, and the clerk said it had not.

At a recent meeting a gas firm official asked Council to amend the permit ordinance, allowing the utility to post a bond to cover all excavations. Council last night approved the amendment.

## 170 Students Register For Science Fair

Some 170 students, representing 24 area schools, are now registered for the Tri-State Science Fair March 12-14 at the Westgate School, W. A. Black, fair chairman, announced.

Further plans for the fair were outlined at a meeting of the steering committee Thursday afternoon at the Carnegie Library where Black said the 170 applications will be reviewed by the committee.

The committee will also determine in what category the entries will be placed, allocate space for the exhibits and complete plans for registration during the fair.

A total of 43 East Liverpool students are entered in the fair, along with 30 from Steubenville, 15 from Beaver Local, 26 from Mount Pleasant, 11 from Lisbon, 9 from Chester, 8 from Weirton, 4 from Wellsville, 3 from Hookstown and Brilliant, 4 from Ironton and one each from Salem, Toronto and Newell.

On the steering committee are Bruce Jones, Dixie Hill and Sarah Maley of East Liverpool High School, Clifford Stone of Chester, Marilyn Gibas of Newell and Robert Todd of Westgate. Faculty advisors are John Ciccarelli of Westgate and Leslie Jackson of East Liverpool High.

Five \$50 Savings Bonds will be awarded first place winners in the various classifications.

## Beck

(Continued from Page One)

The one-time laundry truck driver, who prided himself on not smoking or drinking, appeared more shaken at having to spend the night in jail than by the verdict.

The portly Beck, nattily clad in a blue suit and polka-dot tie, gripped the edge of a table but showed little emotion as the clerk drew "guilty" six times Thursday afternoon. Later he was heard to remark to a friend he just couldn't understand why he had to remain in jail.

When found guilty, his \$25,000 bail was revoked.

His quarters in the federal section of the city jail were a world apart from his lavish home in the so-called "Beck Compound" on the shores of Lake Washington in Seattle.

Just three years ago he was a respected millionaire businessman, international president of the Teamsters Union—considered the largest in the country—and a vice president of the AFL-CIO. Today he is under the shadow of two convictions. Beck was sentenced to not more than 15 years

in prison after a 1957 conviction for grand larceny in the embezzlement of \$1,900 from the sale of a union-owned Cadillac. The State Supreme Court is scheduled to hear his appeal next March.

Beck's big trouble began when he appeared before the Senate Labor-Management Committee in 1957 and invoked the Fifth Amendment more than 150 times. He said then he could probably clear everything up with a few minutes in the court of law.

## Retarded Child Group

To Meet Here Tuesday

The Columbiana County Council for Retarded Children will meet Tuesday at 8 p. m. in the Trinity United Presbyterian Church here to set up a budget for yearly operations and plan a public information service.

John Billiter of Salem, president, will lead a discussion on the possibility of providing help for pre-school or near adult retarded children who, because of their ages, are not eligible to attend the regular classes in Salem and East Liverpool.

Council members also will discuss ways and means of earning money to continue operation of the schools as state aid is indefinite, Billiter said.

## One Of 10 Most Wanted Criminals Is Hitchhiker

SANFORD, Maine (AP)—Police said a man answering the description of Lawrence Sprenz, of Akron, Ohio, one of the nation's 10 most wanted criminals, was picked up by a motorist Thursday as he hitchhiked out of town.

Police Chief Ralph C. Rodgers quoted Robert Valliere as saying he drove the stranger to Kennebunk after the stranger told him his car was stuck in a snowdrift. The chief said a check showed

the car had apparently been stolen from Portland. He added that Portland police and an FBI agent ran a check on the recovered vehicle for fingerprints.

Sprenz, 29, is described as dangerous and armed. He is sought for unlawful flight and armed robbery in Ohio, and for the \$12,000 robbery of the Union & New Haven Trust Co.'s branch bank in Hamden, Conn., Wednesday.

He was sought in the New England area earlier in the week after police said he landed at Burlington, Vt., in a stolen airplane.

Windpipe is the more common name for the trachea.

"And she said that on a party line?"

She may have said, "If quick recovery is worth anything, modern medicines and drugs are certainly a wonderful bargain."

74 Passengers Involved

# U.S. Opens Probe Into 3 Near-Collisions Of Planes

CHARLOTTE, N.C. (AP)—The Federal Aviation Agency has launched an investigation into three near-collisions between military and civilian craft this week.

Two of the incidents were reported Thursday. A total of 74 passengers were involved in all three.

Meanwhile, the Air Force called for "more reliable facilities" for all aircraft traffic control.

A Capital Airlines pilot reported Thursday his plane dived to avoid a B47 jet bomber 30 miles north-east of here.

On the same day an American Airlines plane reported narrowly missing a Navy trainer near Indianapolis.

Last Tuesday, Eastern Air Lines reported one of its planes had to evade a B47 near Chattanooga, Tenn. Three of its 17 passengers were hospitalized.

Capital pilot Robert Spink said he was flying at 19,000 feet under ground traffic guidance. The B47, commanded by Maj. George R. Erks, was on a training mission from Homestead Air Force Base, Fla.

The Air Force said the B47 was under visual flight rules and that civilian air controllers had been notified of the bombers in the Charlotte area.

Capital Airlines said its planes had been notified of the training maneuver.

Under air traffic regulations, planes flying under visual flight rule are responsible to be alert for planes under ground control.

Spink said some of the 34 pas-

sengers were shaken up when he plunged the airliner 600 feet to avoid the six-jet bomber.

Erks said his B47 was climbing as it passed within 300 feet of the airliner. Its communications were with a ground radar unit.

Twenty-three passengers were aboard the American Airlines plane, which executed a tight bank to avoid a Navy plane at 7,000 feet near Indianapolis, the airline pilot said.

In the Eastern airliner incident, the Miami-bound plane was flying at 23,000 feet on an instrument flight plan. The pilot said he hadn't been informed of military craft in his vicinity.

## Degree Conferred On 5 For Midland DeMolays

The DeMolay degree was conferred on five at the meeting of Unity Chapter of Midland Wednesday night in the Masonic Temple with 25 present.

Rudy Vranes, master counselor, presided.

Roger Bolland conferred the degree for Thomas Boyd Jr., Grover Epley Jr., Edward Kramer, George Leonard and William McLane, candidates.

The flower talk was given by Gary Hough as part of the ceremony and each boy was presented with a red rose for his mother.

Nicholas Vosovic Jr., a member of the activities committee, reported a basketball game scheduled with the Fidelity Chapter at Craf-ton Saturday and a swimming party will be held Thursday at the YMCA at New Brighton.

Members of the Mothers' Circle who served the luncheon were Mrs. Sarah LeMaster, president, Mrs. Dorothy Bolland and Mrs. Norma Russell.

Open installation of officers will be held at the meeting, March 4 with Kenneth Weslager as the installing officer. William LeMaster will be seated as master counselor, succeeding Rudy Vranes, and William Smith as senior counselor.

## Movie Of Mardi Gras Shown School Group

Movies taken of the Feb. 7 Mardi Gras at South Side High School near Hookstown were shown at a meeting of the Citizens Association in the high-school cafeteria Wednesday night.

Plans were made to sponsor a project to be kept secret until a future date. A skating party was sponsored by the group Thursday evening at the Melody Lane Rink at Hookstown.

Mrs. Hazel Walker, president, conducted business. Next meeting is March 18.

MAJOR BREAKTHROUGHS against heart and blood vessel diseases in the next 10 years "will save thousands of lives," it was predicted in a "Report to the Nation," the first of its kind, by the American Heart Association and the National Heart Institute. Among those attending the Washington meeting where the report was submitted were, from left, Dr. Paul Dudley White, famed heart specialist; Sen. Lister Hill (D-Ala.), and Dr. Leroy Burney, surgeon general of the Public Health Service. (UPI Telephoto).

## President Defied As Crowd Installs New Panama Council

By LUIS NOLI

PANAMA (AP) — An orderly crowd of thousands early today defied President Ernesto de La Guardia Jr. and installed 11 new city councilmen for the Panamanian capital.

The crowd seized control of City Hall Wednesday after the black-jacking of a radio commentator who accused the council of mis-handling city funds. The council refused to resign, and the president said he had no legal power to remove it since the council-men's elected four-year terms do not end until next year.

De La Guardia has appealed for the people to wait until an investigation could be made of the financial charges.

Leaders of the popular move-

ment announced a general strike would be called if necessary to put the new council in full control.

The march on the municipal building Wednesday came after office hours and there was no violence. Leaders of the demonstration constituted themselves as a "Revolutionary Municipal Junta" and said they would run the city until the council was replaced.

Thursday the crowd around city hall alternately diminished and grew but remained orderly. All municipal offices except the courts stayed shut.

## Officials Bid Anew To End Wildcat Strike

CINCINNATI (AP) — Company and union officials make another attempt today to end a wildcat strike at the Fisher Body Co. plant in Norwood. The strike has closed the Fisher plant and the nearby Chevrolet plant.

The Chevrolet plant closed because of a lack of automobile bodies provided by Fisher.

The strike started Wednesday over the firing of Rudy Hubbard, the bargaining committee chairman. James Broesch, director of industrial relations for the company, said Hubbard was fired because he would not halt an unauthorized work stoppage at the plant last week.

Approximately 3,200 workers at the two plants have been idled as a result of the strike.

## Divorce Granted, Debbie Hustles Back To Studio

HOLLYWOOD (AP) — Debbie Reynolds, 26, the film colony's latest divorcee, was swept up in the activities of a busy career today.

The ex-Mrs. Eddie Fisher surprised friends on the 20th Century-Fox lot by showing up immediately after the divorce was granted Thursday although she'd been given the day off.

Debbie explained she's anxious to finish the picture, "Say One For Me," as soon as possible. Plans call for her to leave next week for Spain on location for another movie.

Critics have predicted that 1959 will be the biggest year of her career for the petite actress.

Fisher, meantime, has been busy denying reports that he intends to marry Elizabeth Taylor very shortly in Mexico, presumably after the singer obtained a quickie Mexican divorce.

Fisher and Miss Taylor, admittedly very much in love with each other, both branded the reports "ridiculous."

Under California law, the decree entered in Los Angeles will not be final for a year. Should Fisher wed again before that time, the marriage would not be recognized in this state.

In the Bible, Deborah was the only woman judge of Israel.

## With A Dash Of Recreation

## Work Order Of Day In Red China

By Dr. Sripathi Chandrasekhar  
Copyright, 1959.  
By The Associated Press

Hard work is the order of the day in the Chili Yin people's commune which I visited during my travels in Red China. The evening brings a dash of recreation — and large doses of Communist training.

After the day's toil in the fields and factories of this pioneer commune in Honan province, all attend regular classes. There they listen to the radio, which pours out the latest editorial from the People's Daily, the latest production figures from agriculture and industry, the latest government measures to liquidate American "imperialism" and the "Chiang Kai-shek clique," the Peiping opera, and figures on how China has surpassed Britain in the production of various industrial goods.

Then there is a movie or a play or an acrobatic show. And last is the party meeting, which every worker attends. Here the matchless art of self-criticism is practiced.

People rise up and confess their drawbacks and failings, criticize their colleagues and swear to increase production if only to "regain" Formosa, the island bastion of the Nationalist Chinese.

This commune which I have described is popularly called "The Commune of 16 Guarantees." Everybody, according to the age group and sex of the individual, is given 16 guarantees. They are:

1. Clothing which is still a problem because of the cold climate. Heating is poor; 2. Food; 3. Housing; 4. Transportation (from residence to place of work);

5. Maternity benefits. Expectant mothers are given 45 days' leave and a quantity of red sugar, which is a must for expectant mothers in China. 6. Sickness leave and free medical aid. 7. Free old-age care; 8. Free funeral and burial. The director of the commune told me that they would like to give up burial for cremation but the people were prejudiced in favor of traditional interment. So they are adopting what is now called "deep burial." The body is buried at least 10 feet deep so that they can use the land, which otherwise might be a graveyard, for orchards.

9. Free education; 10. A small marriage grant and a free reception for the couple; 11. Twelve free haircuts a year; 12. Twenty free bath tickets a year (hot water baths); 13. Free bringing up of children; 14. Free recreation; 15. Free tailoring; 16. Free electricity.

Communist party Chairman Mao Tse-tung had hoped that the whole nation would become one big commune in a few years, but there seemed to be some doubt and resistance among the leaders themselves. Time alone can tell what lies ahead for China and the millions confined in her communes.

However, agricultural production is rising, though no one can swallow without a grain of salt the astronomical figures reeled out by officials. The methods adopted to achieve this "great leap forward" in agricultural production are:

All cultivable land (except in uneasy Tibet) has been brought under the plough; constant irrigation; deep ploughing, three to six feet deep (on an experimental farm I visited they are ploughing by detonating small bombs under the ground); close planting; and dumping enormous amounts of manure—night soil, green leaves, compost and bacteria-layer after layer interspersed with good earth.

Communist China has solved the problem of food supply for its teeming millions, but it is difficult to check the figures on agricultural production. It is possible that they are generalizing from

successes on small experimental farms. It is possible that their bookkeeping may be faulty.

Or, may be, China's soil has joined the Communist party's "big leap forward campaign." It is anybody's guess.

## City's Early History

## Given In Kiwanis Talk

An account of the history of the East Liverpool area, from early Indian days to 1860, was presented by Harold Barth, curator of the East Liverpool Historical Society Museum, at a meeting of the Kiwanis Club Thursday at the Travelers Hotel.

Barth traced the emergence of the city as a pottery center from a small, riverside hamlet which struggled for survival after it was

laid out in 1798 by Thomas Fawcett.

Development of the pottery industry in 1840 by James Bennett spurred the real growth of the town which by the Civil War had 15 one-kiln potteries, all producing Rockingham ware, but on the road to large scale production.

David (Pete) Beatty was program chairman.

## Handbooks On Meditations, Worship Stocked At Library

Miss Frances Jones, librarian, said the Carnegie Public Library has a supply of new handbooks on meditations and worship suitable for the Lenten season.

Dr. Norris Tibbets of the Riverside Church in New York has suggestions for helping men keep God in the rush and the quiet of their lives, "Talks With Men."

The Rev. Ernest Thomas, director of spiritual life in the Methodist Church, has a new volume on "Daily Meditations on the Seven Last Words." Ruth Ikeman, a California writer, has prepared 40 complete plans for women's groups called "Devotional Programs for the Changing Seasons." The Rev. Carl Glover, a Congregational pastor from Rhode Island, uses a subject index as one of the many fine features of his "Prayers for Christian Services."

For the church worker there are two new guides. The first is by Hiley Ward on the financial well-being of churches, called "Creative Giving." He presents the case for both proportionate and spontaneous giving. He relates both of these methods to the church budget. Zulu Coon provides help for the religious program planner in "Worship Services from the Hymns."

Those who like to reminisce will find a trio of new arrivals to enjoy. Kenneth Giniger has a magnificent collection of prose and poetry which was read, learned, and recited in great grandfather's day, "A Treasury of Golden Memories."

"Of Lasting Interest" is James Wood's story of the Reader's Digest. The fun of chatting with famous authors and stage personalities such as Max Beerbohm, the Lunts, and Somerset Maugham are recalled in G. B. Stern's "And Did He Stop and Speak to You?"

Three literary names of note figure on this week's new book shelf:

Frances Winwar's life of Edgar Allan Poe, "The Haunted Palace," Madame de Staël, who was

a great novelist and poet of the Napoleonic era, is chronicled in "Mistress to an Age" by J. Christopher Herold. The author is the editor-in-chief of the Stanford University Press. The lyrics of Ronsard have recently been translated from the French in a new edition by William Stirling.

High comedy and a steadily mounting tension are to be found in Mary McMinn's novel about life under communism. Her novel, "The Visitors," might well be laid in modern Poland. France again is the background in the "The Deluge." This is the enchanting story of two wives of the Duc de Berry, who was the heir apparent to the French throne following the exile of Napoleon.

The author, Willie Snow Eth-

ridge, who made the "Nila" story such a success, has completed an historical study of the founding of Georgia. The novel's title is "Summer Thunder."

That phase of American history known as the War with Mexico is recounted in "Doniphan's Ride" by Les Savage Jr.

For the who-dunnit fans, Anne Littlefield's "Which Mrs. Bennett?" is included among the new selections.

## Workers Favor Strike

LORAIN, Ohio (AP) — Workers at Ford Motor Co.'s assembly plant here voted 588 to 70 in favor of a strike Thursday, but a union spokesman said any walkout is at least two weeks away. The strike vote by members of the United Automobile Workers Local 425 was taken, a union spokesman said, after "numerous grievances . . . under the heading of health, safety and production standards."

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I read with great interest the letter from the mother complaining about pornography material which her teenage son received in the mail.

Your reply was excellent. However, I feel the column may have left some of your readers with a mistaken notion regarding stamp dealers.

The mother stated that her son was an ardent stamp collector. Three weeks after he sent for some special stamps he received a large envelope filled with lewd pictures and other indecent material. Why the mother tied the stamp collector with the smut I cannot say. Her inference that there was a connection was indeed unfortunate.

If the mother felt that the stamp dealer was in cahoots with the smut peddler she should have reported him to the postal authorities.

The vast majority of stamp dealers are high-caliber people, cultured and fine. But, as in every business, there are a few low characters who would conceivably sell mailing lists to a disseminator of pornography.

I am sure you did not intend to damage the stamp collecting hobby in any way and I trust you will attempt to clear up an erroneous impression which some readers may have picked up from your column. Thank you so much.—S.D.F.

Dear S.D.F.: I am happy that you wrote to clarify the situation. I can add nothing to what you have said except my thanks to you for having written.

## Verdict Stands

Dear Ann Landers: Your usually sharp eye missed a good bet recently. I refer to the letter from the woman who complained that her son-in-law was still calling her "Hey You" after five years. She said, "Wouldn't you think the lunthead would know better?"

Why didn't you tell her in plain old Landers style that "Hey You" is plenty good enough for a mother-in-law who calls him a lunthead? You disappointed me.—J.R.P.

Dear J.R.P.: Sorry I let you down but I got the definite impression that the mother-in-law

called him a lunthead after five years of "Hey You." And in my opinion "Lunthead" is plenty good enough for a son-in-law like this.

## You Know His No

Dear Ann Landers: I am 21 years old and have been seeing a certain fellow for almost three months. He's very bright, excellent company and I adore being with him. Unlike most fellows I've dated, he reads good books, knows what's happening in the world and doesn't try to make violent love to me whenever we are alone. I've permitted him to monopolize my time because I'd rather be with him than anyone I know. We've dated every weekend since we met and I've told the other fellows I'm not available. Yet when he is asked if we are going steady, he says no.

This strikes me as strange. Why is he like that?—FAY.

Dear FAY: What do you want an affidavit? It sounds very much as if he is your steady whether he wants to admit it or not.

Some men like to be considered "free" until they march down the aisle. If it bolsters his ego (or saves his face) to announce to the world that no female has hooked him yet, what do you care? You know better and the knowledge should be sufficient.

## Confidentially

TO LIMBY BRIDE: By all means make your plans and tell Hubby you have accepted Dad's gift. Eight years is a long time to be separated from loving parents. When he sees you are serious, he may decide to accompany you. Surely, he'd rather be seasick for five days (lame excuse) than cook his own meals for a month!

TO BOOTSY: Sociable, my eye! Have you heard that "candy's dandy—but liquor's quicker?"

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

## Bringing Up A Family

By GARRY C. MEYERS

Singer's Book Contains Sound Advice

Pat Boone, still in his twenties, father of four young children, known and adored by millions of youths for his singing on the air, in moving pictures and on records, has written a remarkable book, "Twist Twelve and Twenty" (Prentice-Hall). It is addressed to teen-agers in a modest, folksy manner and gives them good sound advice, spiced with humor. In this book, Pat proudly tells of his good home discipline and influence, his learning early to work hard for a living and to help pay for his

schooling. He tells of struggles to get an education, including his latest two-year stint at Columbia University in New York.

HE ALSO tells of his teen-age dating and love life and of his sticking devotedly to Shirley, who later became his wife. Furthermore, he asserts his implicit belief in God and relates his religious activities in the church of his choice, while also revealing a kindly appreciation of other religious faiths. In spite of the demands of his career, he has continued his church work.

Thousands of teen-agers who are hero worshippers of Pat Boone will be inclined to emulate his ideals and struggles and to stick to them, including his refusal to smoke or drink.

Pat Boone gives the same kind of advice to youths that hundreds of oldsters would like to give or have given. The difference is that Pat is barely out of the teens himself. Within a few years he has won meteoric success as the kind of singer that stirs the youths from 12 to 20.

IF ANY older person had offered youth the same advice contained in this book, not many would choose to follow it. Coming from Pat Boone, it is priceless.

We guess that "Twist Twelve and Twenty" will be widely read not only by teen-agers but also by parents and teachers, leaders of youth groups and counselors of youths and parents.

My bulletin, "Educating Your Child in Responsibility," may be had by sending a self-addressed, stamped envelope to me in care of this newspaper.

## How Can I ? ? ?

By ANNE ASHLEY

Q. How can I remove stickiness from leather seats which have been improperly varnished?

A. The best thing to do is to clean them carefully with benzine or cleaning fluid and when perfectly dry, revarnish or finish with a better grade of varnish.

Q. How can I give a grain effect to wood?

A. Beauty of finish and the greatest possible grain effect in wood can be obtained with a treatment of linseed oil applied directly to the bare wood.

Q. How can I keep eggs fresh for a long time?

A. Eggs will keep fresh for a month if immersed for one minute in boiling water.

## Back Payments Scaled Down On Axle-Mile Taxes

COLUMBUS, Ohio (AP)—Four Michigan trucking firms have had their back payments scaled down on axle-mile taxes due the state of Ohio.

The Ohio Board of Tax Appeals agreed, in effect, to computations worked out by attorneys for the trucking firms and the state tax commissioner's office.

The truckers appealed the tax payments in 1954, declaring the tax was unconstitutional and could not be collected from Michigan-licensed trucks.

The Ohio Supreme Court de-

cided the tax was constitutional. But the court upheld the truckers' contention that the tax against them was illegal because of a reciprocity agreement between Ohio and Michigan.

After Ohio cancelled the agreement, the truckers' attorneys and the tax commissioner's office figured out what the truckers owed since then.

## 4-H Club Week To Be Marked

## Hancock Leaders To Hold Various Events

The Hancock County 4-H Leaders Association completed plans for observing National 4-H Club Week Feb. 28-March 7 at a meeting Thursday night in New Cumberland.

Highlighting the observance will be window display contests by the county's 19 clubs, an essay contest on the topic, "Why I Am A 4-Her," and a dinner honoring 4-H alumni.

Miss Iris Cuppy, president, said the dinner will be held March 6 in the Swaney Memorial Library in New Cumberland.

A Regional 4-H Sewing School will be held March 17 in the Weirton Community Center. Club leaders will participate in a sewing training school in cooperation with the Singer Sewing Machine Co.

County Demonstration Day was set April 11. A health skit and poster contest is planned for the latter part of April. A 4-H exhibit will be held July 6-8.

Miss Helen Petrakis, county club agent, reported that project books will be due in her New Cumberland office by June 22. Mrs. James Arehart, chairman, said that county camp will be held July 20-24 for younger members and July 27-31 for older members. Camping periods are held annually at Tomlinson Run State Park near Pughtown. The cost of this year's camp is the same as in other years, she said.

Campers will register June 22. Miss Petrakis reported.

## Brothers Held For Burglary; Loot Returned

Traced through a distinctive key ring found at the scene, two LaCroft brothers, 16 and 17, confessed Thursday to a burglary of a neighborhood grocery store on Lisbon St. in which \$2.90 in pennies and some small articles of merchandise were stolen a few hours earlier, police reported.

Ironically, one of the boys was before Juvenile Judge Louis Tobin at Lisbon for an earlier offense at the time his brother confessed to the burglary yesterday, officers said.

Implicated by his brother, the 17-year-old confessed that he broke into Shaffer's Grocery, 2078 Lisbon St., about 3 a. m. yesterday, taking \$2.90 in pennies, cigarettes, chewing gum, cough drops, tooth paste and a tooth brush, police said. The loot was recovered at the boys' home, where it had been hidden, police said.

The 17-year-old, who was before Judge Tobin at the time his brother confessed, was taken from the court to County Jail to await a hearing in Juvenile Court. The 16-year-old, who did not participate in the actual burglary, is scheduled to appear before Probation Officer Chusey at City Hall.

The clue that broke the case was a distinctive gold-colored key chain which Patrolman W. E. McDaniel found outside the door of the grocery in the initial investigation. C. A. Shaffer, the store's owner, said it was the ring on which he kept keys to the front door of the store. The keys were stolen a few days ago from a hook alongside the cash register, he said. He identified the 16-year-old boy as one of those present at the time the keys disappeared.

Located at school, the 16-year-old finally admitted theft of the keys, which were found hidden in a restroom. He said he gave the keys to his brother, but did not accompany him on the burglary.

The 17-year-old confessed that he used the keys in an attempt to enter the store. After the lock turned, however, a bolt still was holding the door closed, so he obtained a piece of pipe and smashed a pane of glass in the door. Then he reached through and manipulated the lock.

McDaniel was assisted in the investigation by Patrolman R. E. Higgins. The boys were in custody and the loot was recovered within three hours after the burglary was reported, police said.

The 17-year-old was before Judge Tobin yesterday in connection with theft of watches, which he denied.

## Special Assembly Held

## 17 Inducted In Junior High Honor Unit

Seventeen eighth and ninth graders at East Junior High School were inducted into the East Junior High Honor Society at a special assembly Wednesday afternoon.

Eleven students who earned honor awards for outstanding scholastic achievement in the first semester also were presented with certificates. The award, set up by the executive committee in East Liverpool schools, is to promote scholarship.

EIGHTH GRADERS inducted into the honor society were Janet Everhart (3.25), Robert Ferrebee (3.25), Betty Linville (3.25), Floyd McElhane (3.25), Ted Waters (3.25), Kae Smit (3.37), Virginia Cole (3.50), Tom Kraft (3.50), Darlene Long (3.50), Nancy Coffman (3.62), Marjorie Hughey (3.87), Terry Stanley (3.88) and Evajane Cannon (4.00).

The ninth grade members include Kay Hocking (3.33), Connie Sill-

ence (3.41), Nancy Payton (3.50) and Elaine Vohar (3.66).

To become a member of the society, students must have an accumulated 3.2 average in four major subjects, maintain a satisfactory average in citizenship, and must be taking a fifth subject or engaged in some type of acceptable school activity.

STUDENTS WILL become eligible after completing the first semester of the eighth grade. Transfer students must maintain a 3.2 average for one semester before the average from the previous school is considered. If more than one teacher marks a student unacceptable in citizenship, he will not become a member of the society regardless of grades. Any member whose average goes below 3.2 will be dropped from the society immediately.

During the assembly, each member was given a white candle as

he approached the stage and then lit it from a candelabra which held a candle for each member.

Those receiving honor award certificates for compiling three A's and one B or better in the first semester were:

CATHY GORDARD, Toby Moide and Terry Nasser, seventh graders; Evajane Cannon Nancy Coffman, Virginia Cole, Marjorie Hughey and Terry Stanley, eighth graders, and Kay Hocking, Nancy Payton and Elaine Vohar, ninth grade.

Clarence Means, principal, spoke on "The Brilliant Must Lead."

Mrs. Pamela McFadden, Student Council president, presided and Mrs. Firth Smith and Miss Eleanor Jane Bennett, faculty members, aided with the program.

The junior high band directed by Vincent Maola gave a brief concert at the beginning of the program.

## County Leases Warehouse To Handle Foods

LISBON—A W. Railroad St. room at Columbiana has been rented by Columbiana County commissioners for storage and distribution facilities of the planned surplus food program for the county.

The 28-x-28-foot room, formerly used by the County Farm Bureau, was leased from Henry Keck of Columbiana for \$75 a month, Robert Bycroft, county welfare director, announced today.

Building of shelves and counters will be started, and a state inspector will survey the facilities before food distribution will begin, Bycroft said. A deep freeze unit has already been purchased for the program.

The surplus food program is tentatively slated to begin in April. Bycroft said it has not been determined if there will be a distribution site established in the southern part of the county. If not, needy residents of East Liverpool, Wellsville and Salineville will be supplied at Columbiana.

# Businessmen Called Best-Dressed

By HAL BOYLE  
NEW YORK (AP)—America's best-dressed men today aren't its movie stars or television idols—but its business executives.

The tired business man got this surprise pat on his well-attired back from Pat Caruso, a tailor.

"The business executive today is highly style-aware," said Caruso. "Years ago he would wear what he wants. Some even draw sketches of the styles they prefer."

Professional athletes also are more clothes-conscious, and the best-dressed among them are the jockeys, who also rate as the wealthiest of athletes. The reason: Most jockeys have to wear custom garments or buy children's wear.

"But very few people in public life dress well," said Caruso. He added: "What can you do with a politician?"

"However, President Eisenhower and Vice President Nixon are exceptions."

"What about Gov. Nelson A. Rockefeller?"

A look of sorrow crossed Caruso's face but he maintained a discreet silence. It is an open secret among custom tailors that New York's multimillionaire chief executive patronizes a store featuring ready-made clothing.

The custom industry now suffers more from a shortage of fine tailors than customers, Caruso says.

"It takes 10 to 15 years to become a good tailor," said Caruso. "I first picked up the needle at the age of 9 in my father's shop in Italy. In this country nobody wants to work that young. You can't go to college and then start to be a tailor."

"We have to import our tailors," he said.

Here are a few other observations he made:

"In Europe they laugh at the

Ivy League look. They say it looks like it was sprayed on.

"A man can be well-dressed with a wardrobe of a dozen suits. But he has to buy three or four a year to keep it up."

"The things a man needs most to look well in clothes are a good tailor and a flat belly."

"The British used to be the world's best-dressed men. But most Englishmen today aren't well-dressed. They have fine fabrics but not enough good tailors."

"The best-dressed men in the world now are probably wealthy South Americans. They are the male peacocks today."

"Most doctors don't dress well. Their cars look better than their clothes."

## April 15 Must Pay For '58 Too

## Massachusetts People Start Paying State Income Tax

BOSTON (AP)—Beginning this week virtually everybody in Massachusetts with a job will collect a smaller pay check.

That's because a newly enacted state law withholding personal income taxes went into effect Feb. 15.

But it will affect more than those who work for wages and salaries.

Each quarter, it will reach into the pockets of the self-employed and those living on unearned incomes. Such persons are faced with the knotty problem of estimating how much they will earn, or whether the stock they own will pay any dividends in the year ahead—and how much. If they guess too high, it will be many months before they can get the money back.

Adjustments on overpayments must come after income tax returns for 1959 are filed next year.

Meantime, there are other complications.

The withholding provision is retroactive to Jan. 1. Therefore, there will be double withholding deductions each pay day until the taxes in arrears are made up.

That's not all. On April 15, income taxpayers must plank down their Massachusetts income tax for last year.

If the taxpayer works in Massachusetts but lives in an adjoining state, he still has to pay. Considerable numbers of Massachusetts workers have homes in Rhode Island, Connecticut, New Hampshire or Vermont.

A spot check showed some taxpayers thought the withholding principle would be a relief in solving the annual problem of finding the money for the state income tax.

But many other taxpayers were openly indignant. Some objected to the fact that within one calendar year they would have to turn over to the state two years' tax money. Some were suspicious that withholding would be a prelude to increased income taxation, as it was with Federal taxes. Some felt that retroactive taxation was illegal.

## School Orchestra To Perform In Contest At Oberlin College

The 34-piece East Liverpool High School orchestra will compete in the north section of the Ohio School Orchestra competition-festival Saturday at Oberlin College.

Some 700 high school students from 14 Northern Ohio schools will participate in the north section. The southern section will be held in Dayton.

Directed by Donald C. Allen, the orchestra will play the required "Pique Dame" overture by Suppe and has chosen "Andalucia Suite" by Lecuona for its selected number.

Following the two selections, it will participate in a sight playing test. All but the sight reading test is open to the public.

The East Liverpool group is scheduled to play at 2:30. It is competing in Class A-2 with orchestras from Akron North, Bedford, Belleaire and Sylvania.

The orchestra will leave East Liverpool about 7 a. m. tomorrow and return late tomorrow night.

Judges for the event will include Lawrence Burkhalter of Ohio State University, Clifford Cook of the Oberlin Conservatory of Music, Wayne Dunlap, conductor of the Plymouth (Mich.) Symphony Orchestra, and Herbert Murphy, director of orchestra at Fremont Ross High School.

The Oberlin faculty string quartet will present a concert at 1 p. m. Andor Toth, husband of the former Louise Rose of East Liverpool, is first violinist with the quartet.

The competition is sponsored by the Ohio Music Education Association. Prof. Arthur L. Williams of the Conservatory of Music, who originated the competition 30 years ago, is chairman of the anniversary event.

## Henry Ford Says Big Labor Slows Economic Gains

NEW HAVEN, Conn. (AP)—Henry Ford II has accused big labor of slowing down America's economic progress.

The Ford Motor Company president said labor is thus "thwarting the very improvement in productivity and the increased economic growth that it says it wants."

He said labor might be controlled by legislation similar to the Sherman Antitrust Act, which controls business power and size.

Ford's speech Thursday night was part of a Yale University lecture series.

Ford said organized labor is obstructing a "new productive explosion in the American economy."

"In terms of unfettered power," he said, "it is the strongest single center in the American economy. It is using that power not to increase the growth of the American pie, but to cut out a larger share for its constituents."

He called the AFL-CIO "the most aggressive, ascendant force in American politics."

## Canadian Potters Win Pay Boost In New Pact

The International Brotherhood of Operative Potters said today a new contract negotiated with Canadian Pottery Ltd., in New Westminster, B. C., Canada, grants substantial pay increases, fringe benefits and other gains to members of Local 303.

The one-year pact covers two divisions of the Crane Co., the plumbing fixtures concern which operates the plant, the IBOP said. Crane Warehouse workers will receive 10-cent hourly pay boosts, increased fringe benefits and an improved health and welfare plan, the IBOP said.

Pay raises for Canadian Pottery workers range from 10 cents an hour to as high as 30 cents an hour in some classifications, plus fringe benefits, the union said. It is the second contract signed with the company since its employees became affiliated with the Brotherhood in 1957.

## Future Space Programs To Cost Billions

WASHINGTON (AP)—Costs of the nation's future civilian space programs will orbit at sky-high levels of billions of dollars, experts say.

A few of the price tags:

Booster program for rocket motors—more than two billion dollars.

Manned space-flight program—200 million dollars.

Efforts to build a 1 1/2 million pound thrust engine of a single chamber—200 million dollars.

The costs were listed Thursday by National Aeronautics and Space Administration officials appearing before a Senate space subcommittee.

NASA and its companion military agency in the Pentagon, the Advanced Research Projects Agency, are spending 450-500 million dollars this year and will need 800 millions or more next year testimony showed.

And Dr. T. Keith Glennan, NASA head, added:

Don't be surprised if NASA alone costs a billion or more a year after two years.

Space program costs this year and next will be propelled by the planned launching of 30 satellites and some 140 probing rockets, Glennan said.

On the plus side of the space ledger, Glennan said experts estimate the value of advances in meteorology and communications stemming from the satellite program will be in the billions of dollars.

## House Probers Want \$200,000 To Finish Work

WASHINGTON (AP)—The House group that investigated federal agencies last year is going back into business. It wants a \$200,000 stake to finance its work.

The House Legislative Oversight subcommittee was formally reconstituted Thursday. This is the group whose investigations resulted in the resignation of Presidential Assistant Sherman Adams and, in another case, the indictment of Federal Communications Commissioner Richard A. Mack.

Chairman Oren Harris (D-Ark.) said there won't be any decision for several weeks as to what the subcommittee will take up. First, he said, he will seek House allocation of \$200,000 for expenses and then set up a staff.

Harris introduced an agency reform bill Thursday. In its toughest section, it would bar backdoor communication with commission members, even by telephone. If such communications are wilfully withheld from the public record, the bill provides, those responsible can be imprisoned for a year and fined \$10,000.

## Ex-Convict Indicted On Murder Charges

NEW YORK (AP)—A Manhattan grand jury has indicted ex-convict Lee Schlesinger on second-degree murder charges in the slaying of the assistant manager of Birdland, a Broadway jazz center.

The indictment was handed up Thursday to General Sessions Judge Mitchell D. Schweitzer.

The victim, Zachariah (Irving) Levy, 36, was stabbed to death Jan. 26 while a 15-piece band was playing. The slayer fled the club with a woman.

## Out Of The Air

By JOHN CROSBY

### Light Shed In Dark Corners Of Journalism

One area that our journalists cover hardly at all is journalism itself and I'm happy to report that some of journalism's dark corners are being explored now on a program called "The Press and the People." "The Press and the People" is produced by WGBH in Boston by means of a grant from the Fund for the Republic and is carried now on some 40 other stations around the nation.

John Crosby

Journalism has its share—and maybe more than its share—of attractive personalities and it also, God knows, has more than its share of problems in this complex age and this program is designed to shed a little light on those.

ONE OF THE GUESTS on this program one day was Edwin Lahey, a dry, earthy, knowledgeable character I could see much more of on television.

Lahey, who is chief of the Washington Bureau of the Knight newspapers, including the Detroit Free Press, the Miami Herald, the Akron Beacon Journal and the Charlotte Observer, was uttering a few home truths on the almost insurmountable task of getting the facts on our foreign military assistance.

"This will go on forever," said Lahey. "The Defense Department says it doesn't object to a country-by-country breakdown of foreign military assistance. So you call the State Department. They say they cannot give a country-by-country figure for military assistance. So you say: 'Well, who said you can't?'"

"Then you go from one payroll to another to find out who made the administrative determination that this would not be revealed to the public. And I defy anyone to put somebody in a corner who will say: 'I made that determination.'"

"You just cannot find it. There are 10,000 people who have to talk to and you get worn down."

LAHEY WRAPPED it all up in one salty phrase: "It's like getting bitten to death by a duck, to find out a thing like that."

Here Lahey has put his finger on one of the most agonizing frustrations newsmen experience—the sheer size of government, the sheer size of the task of covering it.

At another point, the moderator of the discussion, Louis Lyons, declared that the reporter's job, the newspaper's job is becoming "an impossible job with all the complexities, let alone secrecy and censorship."

"That is right," said Lahey. "At any given moment in a city room, a state capital bureau, a Washington bureau or a foreign bureau there is more to do than is humanly possible to do. I never have had a day in Washington when that was not true."

SIZE, IN SHORT, is an enormous and increasing problem of its own and some of the other newsmen on this show have complained about it. Sheer immensity is a new kind of stumbling block to the reporter because it's quite possible for a story to get so big it gets ignored altogether—which is a new kind of censorship.

A different aspect of this problem of size was brought out by Eric Sevareid and Martin Agronsky, who represented television's news commentators, the equivalent of a newspaper's columnists.

Agronsky pointed out that TV costs are so high that "only the greatest corporations can afford it." The greatest corporations, faced with that kind of cost, are inclined, he said, to put the money in a shoot-'em-up Western which would have a bigger audience.

Sevareid put the problem in more trenchant terms, which deserve scrutiny.

"I THINK," he said, "that courage of controversy, courage of innovation in the realm of ideas goes in inverse ratio to size of the establishment. And that's very simple."

"I think it is because, first the investment in any given item that is produced, whether it is a TV program or a Hollywood movie, or the big mass magazines, is such an enormous investment that they must find a great denominator in terms of audience, whether it is the lowest common denominator or not."

In other words, size tends to drive us toward the trivial—or toward ignoring the news altogether.

Lahey pointed out, for example, that the hardest story to write and the worst—covered story of our time is inflation, which surely must be one of the most important stories of our day.

It's a little frightening, the thought that as the stories get gigantic the headlines dwindle and finally vanish altogether.

### House Minority Leader Hits Tax Plan Of DiSalle

COLUMBUS, Ohio (AP)—Ohio House Minority Leader Roger Cloud (R-Logan) doesn't think Gov. Michael V. DiSalle's tax proposal would work.

The Democratic governor has suggested that the state let counties handle the collection and distribution of sales and utility excise taxes.

Cloud, saying he was speaking for House Republicans, said the proposal would be "unworkable and completely disruptive of the existing local government and school financing programs," especially in smaller counties.

DiSalle said that by allowing the counties to collect and distribute the taxes, the state could save two million dollars a year in administrative costs.

## 10 Arrested For Gambling

### U.S. Agents Raid Spots In 3 Cities

COLUMBUS, Ohio (AP)—Internal Revenue agents raided alleged gambling places in Zanesville, Lancaster and Elyria Thursday and arrested 10 men.

The were charged with failing to file federal tax returns and pay a wagering occupational tax.

Agents seized two slot machines at Lancaster and two pinball machines at Zanesville.

They said the 10 men operated bookmaking and/or tip ticket establishments. The tip ticket operation was described as putting numbers in a glass bowl and having players draw for the right number.

Arrested were:

Earl Ellis, 40, and his brother, George F., 50, at the Ellis Restaurant in Zanesville, for allegedly operating a handbook and tip tickets.

Russell Kost, 53, and Clarence P. Straits, 46, at the H. & E. Quick Lunch in Lancaster, for alleged numbers and tip ticket operation.

Roger Neff, 49, and Roy C. Knotts, 57, at the Fairfield Recreation Club, Lancaster, for alleged slot machine and tip ticket operation.

Theodore M. Bailey, 29, and Charles E. Shumaker, 39, at a storehouse at 135 1/2 S. Columbus St., Lancaster, for alleged bookmaking.

Frederick G. Bauer, 54, and John J. Clepsiak, 35, at Elyria. Agents said this pair had no place of business. The two were charged with conducting football lotteries.

Bauer and Clepsiak will be brought before U. S. District Judge James C. Connell at Cleveland next week. The others will be arraigned here today before U. S. Commissioner Robert Newton.

Man In Shooting Case Requests Probation

LISBON — Scheduled for trial Thursday, Henry W. Bradbury, 48, of R. D. 2 pleaded guilty to a reduced charge of pointing and discharging firearms and asked Judge Joel H. Sharp for probation.

Having waived a jury, he was due for trial on an indictment of shooting with intent to wound and the firearms charge but pleaded to the latter with the consent of Prosecutor G. William Brokaw.

He was arrested for shooting his stepson, Orin Edwards, Oct. 12. He was wounded in the foot. Richard Rose, adult probation officer, will investigate and report for probation.

2 Men Held For Court For Lisbon Burglary

LISBON — A Leetonia man and his nephew from Lancaster were bound over to the April Grand Jury Thursday afternoon for the burglary of the Lisbon Spring & Wire Co.

Albert Brooks, 41, of Leetonia and Charles Boling, 27, of Lancaster, pleaded guilty before County Judge James L. MacDonald, who set \$1,000 bond for each. They were returned to the County Jail.

Boling was returned to Lisbon Tuesday, along with a typewriter taken from the Lisbon firm. A bookkeeping machine also stolen was found in the Brooks home earlier.

Ex-Missionary Dies

## Park May Get \$60,000 Grant

### Improvements Seen For Tomlinson Run

Tomlinson Run State Park near Pughtown has been allocated \$60,000 for improvements by the State Conservation Commission in a bill introduced in the State Senate at Charleston.

Improvements to be made at the Hancock County recreation area were not detailed in the bill, but the funds will probably be used for landscaping an area near the swimming pool and resurfacing of several roads which wind through the 1,333-acre center.

A new concession stand is also planned for the swimming pool site, according to N. T. Holbrook, park supervisor. The bill would limit the commission to the amount of money spent for each individual park in West Virginia. Money will be provided later by the State Legislature.

Allocations to others include Blackwater Falls, \$44,000; Cacapon, \$48,000; Droop Mountain, \$22,000; Holly River, \$26,000; Lost River, \$28,000; Mont Chateau, \$91,000.

North Bend, \$120,000; Pt. Pleasant Battlefield Monument, \$5,000; Tygart Lake, \$67,000, and Watoga, \$32,000.

## Group Trying To Oust Mayor Drops Charges

RAVENNA, Ohio (AP) — A group attempting to unseat Mayor Harley Miller of Windham has dropped charges of misfeasance and malfeasance against him.

H. W. Kane, Windham village solicitor, withdrew the charges Thursday at the request of those who signed the original affidavit — two councilmen, two ministers and a minister's wife.

Dr. Robert Nuttall, leader of the group and president of the Windham Council, said no further attempts to unseat the mayor would be made.

"We believe," Nuttall said, "a new spirit of cooperation has arisen among all factions in the village of Windham."

Charges against the mayor were filed after he was found on the sidelines of a poker game, which police raided Jan. 24. The mayor, who was not playing, said he was attempting to break up the game. Five of the players were arrested.

## Scout Movies Shown For Chester Cub Pack

Mrs. S. L. Miller screened movies on scouting at a meeting of Chester Cub Pack 25 Thursday night at the American Legion home.

James Williams was given a bobcat award. Plans were made for a committee meeting Monday night to discuss the annual Blue and Gold dinner and other activities.

Refreshments were served 36 by Mrs. Miller, Mrs. James Jacobs, Mrs. Ray Tuttle and Mrs. Paul Pattison. Paul Pattison, cubmaster, presided.

## Canada To Construct Arctic Research Ship

OTTAWA (AP) — The Canadian government is going to build a seven-million-dollar hydrographic research ship to penetrate far into arctic waters.

The 4,200-ton vessel will carry a crew of 80 to 85 and a scientific staff of 15 to 20. Target date for completion is spring of 1961.

## \$5,000 Given Chester

### Firemen Pay On Truck

Chester Fire Chief Raymond Gibbs, right, is shown presenting a \$5,000 check to Mayor Burton Ward Thursday night for the volunteer fire department's contribution towards the cost of a new fire truck recently bought by the city.

Council authorized the purchase of the \$20,000 truck Feb. 4 when it was reported repairs to an older truck would be costly. A trade-in of \$4,000 was allowed on the old truck.

At a meeting of Council last night, Kent Manley of Phoenix Ave. said he believes bids should be received by Council when any large purchase such as the fire truck is involved. Manley stressed

ed he is not opposed to the purchase of the truck, but thinks Council established a precedent by buying equipment without bids or specifications.

Councilmen Charles Kology and John Olash told Manley the fire truck purchase was made in an emergency. Councilman James Waggle said the city has a fine fire department along with one of the best fire trucks in the area.

Manley said a procedure should be set for handling similar purchases. Mayor Burton Ward reported "some people on the street" are criticizing the truck purchase but the place to complain is at Council meeting.

## Attorneys Drop Appeal Efforts In Pastor's Case

CINCINNATI (AP) — Attorneys for the Rev. Maurice McCrackin have given up their appeal from the minister's conviction of a charge of failure to heed an internal revenue service summons.

Theodore Berry and Fred A. Dewey asked the U.S. Court of Appeals, Sixth Circuit, Thursday to dismiss the appeal because McCrackin "declines to cooperate" with them.

McCrackin is serving a six months sentence at the Allentown, Pa., Federal Prison Farm. He was convicted Dec. 12. The pacifist minister's troubles

with the law arose from his refusal to pay income taxes because he is opposed to war and part of the money goes for military purposes.

He refused to answer the Internal Revenue Service summons and then, at the time of his arrest and trial, he refused to stand in court, enter a plea to the charge or aid his attorneys in his defense.

He also served a sentence in the Hamilton County Jail for contempt of court because of his refusal to stand in court or enter a plea.

On each appearance in court he had to be carried into the Federal Building.

## Kaiser Plant Expansion Set

### \$750,000 Project Due At Columbiana

COLUMBIANA — Increased demands for basic refractories materials in the East and Midwest has brought expansion of the production capacity at the Kaiser Chemicals Division plant for the second time in three years.

Frank M. Cashin, vice president of the division of Kaiser Aluminum & Chemical Corp., said the \$750,000 project will include additional 750-ton presses for forming brick and auxiliary handling equipment and new storage capacity for raw materials as well as another tunnel brick drier.

When the work is completed late this year, the plant will have an annual capacity of over 200,000 tons of basic refractory brick from the local plant and another at Moss Landing, Calif.

The Columbiana plant was built in 1956, and before construction was completed, additional brick-making facilities were being added to increase production capacity 50 per cent, Cashin said.

He cited growth of the firm's business in the East and Midwest, along with the strategic location of the plant in relation to the important markets as factors in the expansion.

## Reorganization Meeting Held

### E. R. Liebschner Jr. Stays As Health Board Chairman

E. R. Liebschner Jr. was returned as chairman of the Board of Health at a reorganization meeting Thursday night at City Hall. Dr. J. Keith Rugh was re-elected vice chairman. Other employees of the board are under Civil Service.

The board voted to continue to meet on the third Thursday of each month.

Liebschner is the senior member on the board, beginning his third five-year term. He was appointed in 1947 for one year to fill the vacancy created by the resignation of the late Lawrence S. Bloor. He then was reappointed to two five-year terms before being named recently for another term by Mayor Fred P. Lawrence.

Mrs. Luella Bevan, registrar of vital statistics reported 122 births and 46 deaths in the four-week period ending yesterday.

The births were divided evenly between males and females. Of the total, 51 were from East Liverpool, 18, Wellsville; 11, Chester; 10, Newell; 9, Midland; 7, Salineville and the remainder from other communities.

The deaths included 24 adult males 20 adult females, and 2 infants, she reported.

Septimus Cook and John Owen, sanitarians, reported 241 inspections and investigations.

Mrs. Jeannette Carpenter, public health nurse, listed 21 guidance visits to tuberculosis patients, 11 patients admitted to TB service, 5 TB therapy visits, 15 cancer therapy visits, 9 heart therapy visits, 22 morbidity therapy visits and 47 other diseases.

The next meeting will be March 19.

## Damage In Kent Fire Estimated At \$150,000

KENT, Ohio (AP) — Fire caused by a broken fuel line destroyed the east wing of the R. D. Fageol Corp. plant here Thursday. Damage was estimated at \$150,000 to \$200,000 by Fire Chief Fred Miller.

F. R. Fageol, chief officer and major stockholder of the company, was forced by firemen to escape through a window because of danger from flames, Miller said. Fageol was trying to salvage important documents from a safe in his office.

Six of the firm's 10 employees were in the plant when the fire broke out, but they escaped injury.

The company manufactures highway flashers and fuel control systems for military vehicles.

## United Came A Long Way . . .

District basketball teams get down to the serious business of tournament play during the next two weeks.

Reviewing the 1958-59 regular season, Salem, United and Midland provided the majority of the thrills for their fans, while Dan Baldwin of Wellsville stands out as the top individual performer.

Salem and United have brought statewide acclaim to their schools. The Quakers remained among the top 10 throughout the season and were ranked eighth in the state with their 17-1 record.

COACH BOB PENROD at United deserves a big pat on the back for bringing his team into the spotlight in the space of three years.

United's 15-3 record was good enough to keep it in the top 10 Class "A" teams throughout the campaign and this week the team was listed sixth in the Ohio basketball poll.

## Wrestlers May Return Here . . .

THE RESPONSE was so good at the regional wrestling tournament last week that East Liverpool again may be the site for the tournament next year.

About 800 fans attended the final session and total attendance may have been close to 2,000 for four sessions.

It was a real shot in the arm for wrestling in East Liverpool and it is hoped that the interest carries over to next season.

Coach Lou Venditti was extremely pleased at the interest shown over the weekend.

About \$275 was cleared the final night and Merrill Hall, athletic director, said the state only expects the wrestling tournaments to break even. So when a school comes out

## How's Lucas Doing These Days? . . .

TOURNAMENT time brings to mind the famous Jerry Lucas, now performing (and quite well) with the Ohio State freshmen squad.

The former Middletown star who led his team to the state championship in 1957 and a string of victories to the semi-finals last year, put on his greatest show last week when the freshmen defeated the varsity, 109-91.

Lucas scored 48 points, highest of the season. And even more fantastic, the 6-foot-9 cager took 22 shots and made 19 of them.

Because of a Big Ten ruling, freshmen teams are not permitted to play other schools. The Buckeye

## This 'N That In Sports . . .

A FORMER Potter hurler has come up with a new pitch, but its thrown from behind the microphone.

Dick McKernan, son of Mr. and Mrs. Hugh McKernan Jr. of Dresden Ave., is calling the play-by-play broadcasts of Baldwin-Walace basketball games.

Dick, a senior at the Berea school, broadcasts for the college radio station and last week did the play-by-play from Ypsilanti, Mich., when B-W played Eastern Michigan.

A DELEGATION of Midland fans plans to hold a "Herb Lake Night" at the Youngstown University - Anderson College game

## Hamilton-Middie Series May End After Tonight

CINCINNATI (AP)—Barring a possible tournament meeting, one of Ohio's great high school basketball rivalries reaches the end of the road here tonight, at least in its present form.

Over the years, the neighboring Butler County cities of Hamilton and Middletown have had only one public high school each.

But the present Hamilton High School will close after this school year.

Next year, there will be two public high schools in Hamilton—Taft and Garfield—so tonight's encounter winds up the traditional battles between the Middies and the Big Blue for the Hamilton-Middletown "championship."

The rivalry has been so intense that since the Cincinnati Garden was built in 1949 most of their regularly scheduled contests with each other have been played here—in a sometimes futile effort to take care of the crowds.

The Garden will be the scene of tonight's game.

The rivalry has been bitter in all sports, of course, but it has reached its peak in basketball. Between them, the Middies and the Big Blue have accounted for 10 state championships. Middletown won in 1944-46-47-52-53-56-57, Hamilton in 1937-49-54.

Hamilton high school opened in 1912. It was built for 1,200 students and now has 1,800. When the two

United has a success story to tell. The school is only three years old and doesn't graduate its first class until this spring.

Penrod has been at the helm since the school opened. Following a losing season in 1956 when the school played its first season, United posted an 11-6 mark last year.

This season, Penrod's team picked up where it left off in 1958 and immediately went on an eight-game winning streak before being bumped by Fairfield-Waterford.

It would be fitting if United could win its first Columbiana County basketball title Saturday night.

There is not much left to be said about Dan Baldwin. His uncanny scoring attests to his ability. Carrying a 24.8 average per game, Baldwin is the district's leading candidate for all-state honors.

It is our opinion he is most deserving of the honor.

BOB SPRINGER, East Liverpool's 141-pounder, and Carl Hoppel of Beaver Local, along with their respective coaches, Lou Venditti and Jack O'Rourke, left Thursday for the state wrestling tournament at St. John's arena in Columbus.

Springer was the lone qualifier for the Pottery and Hoppel is the only Beaver Local wrestler who made it to the finals of the regional meet.

This is quite a feat for young Hoppel—wrestling in the state meet his freshman year.

We wish both boys good luck.

freshmen play teams on campus. Large crowds come early to the Ohio State varsity contests just to see Lucas perform in the preliminary game.

His point-production this year reads like this—37, 34, 40, 31, 35, 31, 21 and 48.

With Lucas leading the way, we look for Ohio State to become one of the national powers for the next three years. They can hardly miss with a great group of freshmen.

Another member of the freshman quint is Bridgeport's John Havlicek of Bridgeport, who performed against the Pottery here last season.

Monday night, Herb is a senior at Youngstown this season.

OUR PERCENTAGE as far as predictions go remained about the same last week.

Tonight for the first time in several years we're going along with Wellsville and pick the Tigers to defeat East Liverpool.

Coach Jack McDewitt's combine has shown a steady improvement and his team will have the advantage of the home floor.

In other games, we like Chester over Wheeling Vocational, Jefferson Union to top Newell, West Liberty over New Cumberland and Beaver Local to stop Dennison St. Mary's.

In the three Tri-County finales, we like Minerva to top Columbiana, Lisbon over Leetonia and East Palestine to whip Sebring.

held Thursday night at the Blue Danube Restaurant in Toronto.

Karaffa drew into the upper bracket and if the Pottery win Monday they will probably have to go against top-seeded Steubenville Big Red in the semi-finals Wednesday night. Big Red, which drew Winterville, boasts a 13-4 record.

Meanwhile, Wellsville faces Steubenville Central on Tuesday night and Toronto and Mingo Junction clash to round out the lower bracket.

George (Gabby) Kunzler, athletic director at Toronto High School, was in charge of the drawings.

The tourney will be held Monday through Friday next week at the Toronto High School gym.

Big Red, with its 13-4 record, will meet Winterville (3-11) in the opener Monday at 7 p. m. The East Liverpool-JU game will follow at 8:30.

The Pottery, with a present 2-14 mark, face lowly JU which shows a poor 4-13 record.

In Tuesday night's contest, Toronto, top-seeded in the lower bracket with a 12-4 mark, faces Mingo Junction (7-10) in the 7 p. m. game while Coach Jack McDewitt sends his Wellsville team against Central in the nightcap at 8:30.

Central will bring a 9-8 record into the Sectional tourney while Wellsville shows an 11-6 mark with tonight's game with East Liverpool remaining on its schedule.

Toronto is the defending champion after defeating East Liverpool for the title last year. The Pottery won the title two years ago when they upset highly-regarded Steubenville Big Red.

Tickets for the tournament games are \$1 and all seats are reserved.

## Minor League Issues Call For Managers

A committee to inspect and work on the baseball fields was appointed at a meeting of the Little Minor League Thursday night at the Travelers Hotel.

The committee will be composed of Lionel Smurthwaite, Jack Webb, R. Welch and C. Ammon. The league also is attempting to encourage new managers for the coming season.

Managers gave an inventory report of all equipment and a discussion was held on what would be needed for this season.

Harry Powell, John Anderson, Willis Standley and Harry Smith were appointed to arrange a schedule for the 1959 season.

Booster Club tickets were distributed to members.

Smurthwaite, league president, presided.

# Wellsville Five Favored Tonight

Although the rival coaches rate the game a "tossup", on the strength of the season records it seems the Wellsville Tigers should rate a slight edge when they battle the East Liverpool Pottery tonight at Beacom Memorial gym in Wellsville.

## East-Westgate Meet In Finale Saturday

## Olmedo Wins Indoor Debut

NEW YORK (AP) — Alejandro Olmedo said today he plans to call on Jack Kramer's pros, so instrumental in his Australian triumphs, to help hone him in shape for the Wimbledon Tennis Championship this summer.

"School will take so much of time that I will have little chance to play or practice," the 22-year-old Peruvian said. "I will practice with Pancho Gonzalez and Pancho Segura every chance I get. They are a big help to my game."

These two pros, plus promoter Jack Kramer, whipped the pride of the Incas into the shape in which he almost single handedly won the Davis Cup and later took the Australian national title.

Olmedo made his debut on hardwood here Thursday night in the national indoor championships and won over Henry Jungle Jr., of Colorado Springs, an Air Force officer, 6-4, 6-3. Olmedo played after a delayed cross-country plane flight from Los Angeles with little benefit of sleep.

Olmedo will have to be better tonight if he survives his second-round duel Julius Heldman, who eliminated Kosei Kamo, Japanese Davis Cup star, 6-2, 6-3.

Barry MacKay, Olmedo's Davis Cup mate from Dayton, Ohio, defeated Mike Franks of Los Angeles, 24-22, 4-6, 6-3.

Jaroslav Drobny of Egypt, top-seeded foreigner, rallied for a 10-12, 6-4, 7-5 decision over Grant Golden of Wilmette, Ill., and Australia's Warren Woodcock, was pushed to beat Charles Masterson of Brooklyn, 2-6, 6-3, 6-4.

The favored Dick Savitt of New York, defending champion, breezed past Wilbert Davis of New York, 6-1, 6-1. Earl Buchholz Jr., of St. Louis, seeded No. 4, will play two matches today.

## Ford Delays Signing Pact With Yankees

ST. PETERSBURG, Fla. (AP) — Holdout Whitey Ford said today he is satisfied with the latest salary terms offered by the New York Yankees but doubts he will sign the contract.

The star left-hander objects to a set of conditions imposed by the front office, relating to his health, behavior and ability to keep his pitching arm in shape.

Ford conferred with Asst. General Manager Roy Hamey for an hour Thursday but left the proffered \$35,000 contract unsigned when Hamey insisted on a behavior clause.

The offer represented a \$3,000 raise over last year. The Yankees' original offer was \$27,000.

"They (Yankee officials) claim I didn't take care of myself last year and that's why my health suffered," said Ford. "They say they want to guard against my getting a sore arm again."

"All I know is I'm in better shape now than I was last spring." The 30-year-old Ford posted a 14-7 record last season that included 7 shut-outs, the most in the majors, and a 2.01 earned run average, lowest in the American League.

## Team Got Red Hot

FRIENDSVILLE, Tenn. (AP) — Less than 24 hours after fire destroyed the Friendsville High School gym and sports equipment, Friendsville beat nearby Townsend, 53-20, in a basketball game — using tools and a gym borrowed from Crosstown rival, Friendsville Academy.

proved since we played earlier in the season," he said. The Potter coach pointed to sophomore Bob Kiggins as one of the main reasons why the Tigers have won six of their last seven games.

Coach Jack McDewitt of Wellsville is looking for a "cautious" game from both teams and mentioned that he will be expecting the Pottery to display their "new possession type offense."

In the first meeting between the teams in December, Wellsville led all the way until the last minute, when East Liverpool came out on top with a 60-56 decision. The Tigers took a 10-point margin into the fourth quarter.

In that contest, Dan Baldwin scored 31 points. And he is expected to make the difference tonight in his final performance before the home fans.

Karaffa said he plans to use Kenny Miller and Kenny Cunningham at guards, Bob Beatty or Ray

all and Craig Burbick at forwards.

Miller, who is getting over a case of flu, may not be ready.

If not, Jan Allen, a senior, will get the nod.

McDewitt will stick with the com-

bination which has clicked for the six wins in the last seven games.

That outfit includes Dan Baldwin and Bob Kiggins at forwards. Franklin Jackson at center and Ray Franklin and Phil Baldwin at guards.

Baldwin will carry a 24.8 average into tonight's game. He has 422 points during the season and 1,083 for his career.

East Liverpool is far ahead in the series between the two rivals. The Pottery have won 57 while losing only 8 in both regular and tournament contests.

A Wellsville victory tonight would give McDewitt's team a respectable 12-6 record for the season. East Liverpool, takes a 2-14 mark to Wellsville, one of the worst in the school's history.

Saturday night East Liverpool will ring down the curtain on the 1958-59 season at New Philadelphia. The game originally was set

for Jan. 16, but was postponed on that date because of bad weather. New Philly also will close its campaign Saturday. The Quakers have an 11-6 record.

The only common opponent both schools have faced is Salem, which defeated New Philadelphia 85-63 and East Liverpool 72-45.

The man the Pottery must stop if they expect to win is Merrill Clum, a classy 6-foot-5 performer, who is averaging 25 points a game.

Coach Leo Benjamin's strategy is to feed Clum and that's what the other four New Philly players have been doing with much success this season.

The remainder of the starting lineup will include, Dave Massarelli and Bob Evans, both 6-foot-1 at forwards and guards Jim Eichel and Jerry Fisher, both 5-foot-10.

New Philly has won three of its last four games and defeated Jackson Memorial Tuesday night, 69-50. The Quakers are idle tonight.

The reserve game Saturday night will get under way at 7 and the varsity tilt is scheduled for 8:30.

# District Cagers Near End Of Regular Season Schedules

## Eight Games Are On Tap In Area Tonight

Some teams will be battling for 500 records, others will seek to pad their win column and still others probably will be just plain happy to see the basketball season come to an end.

That's about how the district cage picture shapes up as the teams go into their final weekend of the 1958-59 campaign tonight.

After tonight and Saturday, only Chester and South Side have games remaining. Next Tuesday, Chester travels to South Side and will close its season a week from tonight at Follansbee.

Eight games, highlighted by the East Liverpool-Wellsville battle, are on tap tonight.

Coach Max Tuttle will send his Panthers after victory No. 12 at Chester when Wheeling Vocational comes to Hancock County.

Chester has lost six games this year and is tied fourth among the district squads.

Newell faces its last chance to post a victory in the current campaign. The Vikings entertain Jefferson Union and will attempt to snap an 18-game losing streak.

New Cumberland takes its 7-12 record to West Liberty, while Dennison St. Mary visits Beaver Local.

Coach Jack Frontone's Beaver Local five will go after its eighth victory against nine setbacks.

Three Tri-County League battles teams are slated tonight.

East Palestine can end its season on the 500 mark with a victory at Sebring. Columbiana will have to get by Minerva to finish with a winning record since the Clippers take a 9-8 record into tonight's game with the Tri-County pacemakers at Minerva.

Lisbon can pick up its seventh victory, but finds itself doomed for a losing season with 10 defeats on its record. The Blue Devils travel to Leetonia where the Bears only can show a poor 3-14 record.

Saturday, East Liverpool travels to New Philadelphia in the lone district contest, while Salem wages tournament warfare against Newton Falls at 6:30 at the South High fieldhouse at Youngstown.

**Bardstown Favorite In \$100,000 Widener**

MIAMI, Fla. (AP) — Calumet Farm's Bardstown is the overwhelming choice of leading trainers to win Saturday's \$100,000 added Widener at Hialeah Park if the track is fast.

Thirteen thoroughbreds are possible starters in the year's first big handicap for older horses with 7-year-old Bardstown an 8-5 favorite in the early line.

Other well regarded entrants are A Bragon Killer and Nadir. Also entered are Air Pilot, Talent Show, Hoop Band, Victory Morn, One-Eyed King, Ekaba, Ambehaving, Bill's Sky Boy, Admiral Vee, and Grey Monarch.

COACH GEORGE HAMILTON and his Midland team return to the WPIAL tournament for the second time in as many years when the Leopards meet German Township Saturday night at the Pitt Fieldhouse. The squad includes Don Migliore, Nick Vuckovich, Rudy Krivosia, Carl Anderson, Steve Yetso, Movie Smith, Allen Oberg, Gene Lake, Barney Silverman, Frank Alois and Jim Golphin.

## Fullmer 12-5 Ring Choice

NEW YORK (AP) — Confident, young Wilkie Greaves believes he has improved enough in two years to reverse his loss to former midweight champion Gene Fullmer.

The 23-year-old Canadian champion fighting out of Detroit, will get the chance to square accounts with the 27-year-old Mormon from West Jordan, Utah, in the televised (NBC, 10 p.m. EST) 10-rounder at Madison Square Garden tonight.

Fullmer is the 12-5 favorite. "I've improved 100 per cent since I fought him last (Jan. 28, 1957)," said Greaves, a poised, handsome blond native of Edmonton, Alta. "I had only 16 fights when I fought Gene. Since that fight, I've learned to put my punches together and get more power behind them. I think I can beat him now for No. 14."

He has a winning streak of 13, started 14 months ago. Fullmer has won eight in a row.

"He's a good kid," said Fullmer. "He gave me a real good workout that first time. But I've got too much at stake to lose to him. I'm still hoping to get another shot at the middleweight title and I know I'll never get the chance if I lose this one. I won't."

He is Sam Sims, a 6-foot-2 jump shot artist, who has poured in 536 points in 19 games this season. This figures out to be better than 28 points a game.

Sims appears to be the No. 1 problem for the Leopards at the moment. German Township doesn't boast a rangy squad with center Bill Rutland the only other cager over the 6-foot mark at 6-2.

Rounding out the starting lineup will be Bill Fronczek, 5-foot-11, at the other forward with Sims, and Jim Lowe, 5-foot-10, and John Homistek, 5-foot-9, at the guard spots.

Coach Adam Donnelly, who has been at German Township for the past 15 years, uses eight men altogether and has Bill Marshall, a tall 6-foot-3 junior, to spell Rutland at center.

Two other outstanding subs are Tony Myers, 5-foot-10, and Murnis Banner, 5-foot-11.

The starting five for German Township are all seniors.

## German Twp. Is 18-1

## Midland To Meet Strong Foe In Fieldhouse Tilt

Coach George Hamilton and his Midland Leopards will have their work cut out for them when they stack up against a strong German Township team Saturday night in the spacious Pitt fieldhouse. Game time is 7:30.

German Township, with a record of 18 wins and only one setback, boasts one of the top scorers in western Pennsylvania cage circles.

He is Sam Sims, a 6-foot-2 jump shot artist, who has poured in 536 points in 19 games this season. This figures out to be better than 28 points a game.

Sims appears to be the No. 1 problem for the Leopards at the moment.

## Midland Sends Jayvees Against Burgettstown

Because of a WPIAL ruling which states that no team shall play more than two games in one week, the Midland-Burgettstown varsity teams will not play tonight. Instead, the Midland reserves will meet Burgettstown's next year's varsity team at 8 p.m. in the new Midland High gymnasium.

Mel Laing, faculty manager, said no admission will be charged for the game.

Midland played Freedom Tuesday and will meet German Township Saturday night in the WPIAL Tournament at Pitt Fieldhouse. The Burgettstown contest thus would have been Midland's third game of the week had it been played.

German Township swept through Section 11 in easy style by racking up 14 straight victories. The only loss this season came in a 65-46 exhibition loss to Uniontown.

It is the third section title which Donnelly has won. He also captured the Section 11 crown in 1952 and 1954.

Coach Hamilton at Midland will probably counter with his usual starting array of Movie Smith, Steve Yetso, Frank Alois, Nick Vuckovich and Gene Lake. Smith is the Leopards leading

## Texas Golfer Leads Field At San Antonio

By HAROLD V. RATLIFF

SAN ANTONIO, Tex. (AP) — Young Wesley Ellis Jr. showed off for his home town Thursday — he shot a 5-under-par 66 for the first round lead in the \$20,000 Texas Open. But he said it may have been the worst thing he could have done.

Golfers along the tour say the toughest tournament to win is in your home town.

So Ellis, who grew up in San Antonio, played golf at the University of Texas, and now follows the weary tour out of Aldecress, N.J., quaked as he set out at the head of the pack in the second round of the ancient Texas Open today.

Ellis was magnificent as he strode through a drizzle of rain and biting cold to a 2-stroke lead over the 150-man field in the opening round. He was getting the job done largely with a putter he borrowed from a fellow professional Gil Cavanaugh, last summer.

Stars like Gene Littler, Marty Furgol and Jimmy Demaret found Brackenridge Park's 6,490-yard layout difficult to handle and so did most of the others trying for the \$2,800 first money. Only five players managed to better par compared to 15 on opening day last year.

Bill Johnston of Provo, Utah, who won the tournament last year, had a 68 for second place. Joe Jimenez of Manhattan, Kan., another former San Antonio resident, shot a 69, including an eagle in doing the front nine in 3-under-par 32—the best nine of the day. Tied at 70 were Don Whitl of Barrego Springs, Calif., and Al Balding of Markham, Canada.

Earl Averill, son of the former major league outfielder by the same name, played the outfield and every infield position for the San Diego Padres in 1958.

## Fights Break Out As Nats Down Celtics

By The Associated Press

Maurice Podoloff, president of the National Basketball Assn., has that old bugaboo, deportment of fans, officials and players, to contend with again today.

The latest incident occurred Thursday night in Syracuse, N.Y., where the Syracuse Nats downed the Boston Celtics, 113-105.

Many times this season, Podoloff and the league have been taken to task for the lack of supervision and support given game officials in keeping the play within order. Thursday night's brawling occurred in the fourth quarter. Referee Sid Borgia, became embroiled after remarks from a

spectator. Ushers and police intervened after a brief exchange.

With five minutes to go, Syracuse George Dempsey and Boston's Bill Russell began swinging and Frank Ramsey also took up with Dempsey.

Three minutes later, Boston's Tom Heinsohn and Syracuse's Dolph Schayes began a slugging match. Syracuse Coach Paul Seymour tried to break it up, and got embroiled with Heinsohn.

That invited everyone and it took police five minutes to restore order.

Schayes led Syracuse with 33 points and Heinsohn had 24 for Boston.

## 14 Nations Set In Ski Event

SQUAW VALLEY, Calif. (AP)—The weatherman came up with a promise of blue skies for Saturday's start of the North American Ski Championships, all important Olympic dress rehearsal in the initial qualifying show for U. S. Olympic hopefuls.

Competitors from 14 nations took full advantage of Thursday's sunshine to ski, skate on the new quarter-mile speed oval and jump off the mammoth 80 meter (262 foot) jumping hill.

The climate was such that Willy Schaeffler, director of Olympic ski events, planned to take another look today at the men's downhill course off 9,100-foot Squaw Peak to see if it can be put in shape.

The heavy snow—104 inches in 11 days—has forced the men's downhill to be switched to the giant slalom mountain, KT22. If necessary, two runs off that 8,100-foot peak will be made with the best combined time the winner.

Excess snow brought one more change. The slalom, originally scheduled Sunday, will be run as the opening event Saturday on the lower part of KT22. Changing this race from Sunday gives work crews an additional day to prepare the upper part of the mountain for Sunday's giant slaloms.

## Montreal Star Closes Gap On Scoring Leader

By The Associated Press  
Dickie Moore, the Montreal Canadiens' swashbuckling center, isn't taking Andy Bathgate's threat to the National Hockey League scoring crown sitting down.

Moore, who won last year, trails the New York ace by two points, after racking up a goal and two assists in Montreal's 7-0 belting of the Detroit Red Wings Thursday night.

Moore now is tied with teammate Boom Boom Geoffrion and Chicago's Ed Litzenberger for second place. But he has 31 goals, compared to Bathgate's 30, and final determinant in case of a tie for most points scored at the end of the season.

Montreal's victory brought goalie Jacques Plante his eighth shutout and also brought Detroit its 28th loss, the most in the club's history.

## More Bears Bite Dust

RICHMOND, Va., (AP)—The Virginia Game Commission reports 232 bears killed in this, the oldest of the states, in 1958. It was a slight increase over the 1957 bag.

The Giants have failed to beat Milwaukee pitcher Lew Burdette since Sept. 16, 1954. Meanwhile, the hurler has beaten the Giants 12 times.

## Player Deal May Involve Tigers, Athletics, Tribe

DETROIT (AP)—The Detroit Tigers said today there is a possibility of a three-way player deal that would involve the Kansas City Athletics and the Cleveland Indians.

Acting Gen. Mgr. Rick Ferrell said in a telephone interview with The Associated Press from the Tiger training base in Lakeland, Fla., that "a three-way deal is one of the things that interests us."

However, Ferrell said there is no truth to a published report that the Detroit club has offered outfielder Harvey Kuenn, pitcher Bill Hoelt and third baseman Eddie Yost to Kansas City for outfielder Roger Maris and infielder Hector Lopez.

But he readily stated that Maris is the player the Tigers would like most to get. He also would like to land Larry Doby from Cleveland.

## Schoendienst Reported OK After Operation

ST. LOUIS (AP)—Red Schoendienst was reported in good condition today after an operation expected to speed his recovery from tuberculosis but it remained unlikely he can play baseball this season.

The operation is not an unusual one for tubercular patients. The diseased portion of his right lung was removed in a three-hour operation.

Dr. William A. Werner, one of Red's physicians, said everything went according to plan.

## Rigney Will Leave Hospital On Saturday

WALNUT CREEK, Calif. (AP)—Bill Rigney, San Francisco Giants manager who suffered a fractured jaw and collarbone in an auto crash Feb. 8, will leave Kaiser Permanente Hospital Saturday.

He plans to join the Phoenix, Ariz., training camp of his National League baseball club late next week.

Rigney's wife, Paula, was operated on Thursday. She suffered a crushed hip when their car hit a power pole in nearby Berkeley.

## Ex-Boxer Lee Savold Taken Off Critical List

PARAMUS, N. J. (AP)—Former heavyweight boxer Lee Savold, 43, has been taken off the critical list at Bergen Pines Hospital where he was admitted Tuesday with a high fever.

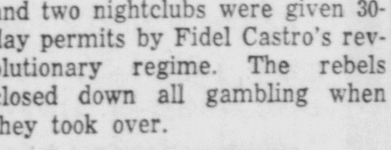

The nature of his illness was not disclosed. He once fought Joe Louis and in 1950 held the British version of the heavyweight championship after knocking out Bruce Woodcock.

## Action Lively At 8 Casinos In Havana

HAVANA (AP)—The action was lively at eight Havana casinos which were allowed to reopen Thursday night.

The tables in six luxury hotels and two nightclubs were given 30-day permits by Fidel Castro's revolutionary regime. The rebels closed down all gambling when they took over.

Manager Tom Giordano in the last three years has moved from Leesburg, Fla., to Selma, Ala., to Pocatello, Idaho. He will manage the latter in the Kansas City chain this season.

## Denver Challenges Utah For Berth In NCAA Meet

By TED MEIER

Associated Press Sports Writer

The University of Denver usually is associated with the best in college hockey and skiing. Now the Pioneers may come up with a championship basketball team and get into the NCAA tourney for the first time to help celebrate the state of Colorado centennial.

The Pioneers delighted a howling crowd of 2,900 Thursday night at the Denver fieldhouse as they snapped Utah's 11-game winning streak 67-62 and moved within half a game of the first place Utes in the Skyline Conference. Denver now has a conference record of 8-2 compared to Utah's 8-1. The Pioneers have four conference games left and Utah five.

The game highlighted a slim national program.

NYU beat Villanova 78-60 and St. Johns (NY) defeated Niagara 87-78 in a doubleheader before 10,125 at New York's Madison Square Garden. Butler, which beat Notre Dame Monday in three overtimes, had its seven-game winning streak snapped by Indiana State 88-87 in two overtimes.

Belmont Abbey's 18-game winning streak went by the boards at the hands of Presbyterian 56-53. Wheaton chalked up its 55th straight in the College Conference

of Illinois by drubbing Elmhurst 81-54. In other games Massachusetts scored its second upset of the week, a 68-65 victory over Boston College, and Montana wall-popped New Mexico 84-59 in a Skyline Conference fray.

Jim Peay, a 6-2 junior from Rye, N.Y., sparked Denver to its must win over Utah. He scored 30 points on 12 field goals and six free throws and snared 15 rebounds.

NYU's hopes for a bid to the NIT soared after the Violets drubbed Villanova, already picked for the tourney. Tom Sanders was high with 28 points and Cal Ramsey collected 13 to become the highest scorer in NYU history with 1,105 points. St. Johns, led by Al Seiden, with 31 points, and Tony Jackson, with 27, piled up a 70-56 lead before Niagara made a futile rally.

Indiana State beat Butler on a free throw by Warren Ross that broke an 87-87 tie. The regulation game ended 74-74 and the first overtime 80-80. It was good foul shooting, too, that gave Massachusetts its victory over Boston College. Curt Teeter flipped in three charity tosses in the final minute.

Jack Sullivan's free throw with three seconds left to play gave the Quantico Marines a 51-50 overtime victory over Providence.

## We Should Be Stronger, Alston Says Of Dodgers

By WALTER ALSTON

Los Angeles Dodgers

OXFORD, Ohio (AP)—A seventh-place finish makes explanations difficult. However, I will do my best to give my honest opinion.

But please bear in mind I do not put any blame for the Los Angeles Dodgers' seventh-place finish on any individual player.

Our team's biggest weakness last year seemed to be in the letdown of the pitching.

The sore arms of Ed Roebuck, Don Bessent and Roger Craig were big factors. The early failure of Don Drysdale and the poor season by Clem Labine were also disappointing. The lack of an experienced catcher was a handicap to the young pitchers on our staff.

Our right-handed hitters were unable to take advantage of our short left field fence and some of our established key hitters had below average years. The distant right field fence and the bad knee robbed Duke Snider of his usual power.

The Dodgers should be stronger this year. Reports are favorable on most of the sore arms. Our young pitchers like Drysdale, Sandy Koufax and Stan Williams

should improve with experience. I expect Labine to come back near his old form in relief.

Johnny Roseboro showed continued improvement last year although he still needs experience and improvement in his receiving.

The addition of Wally Moon and Rip Repulski should give us some added power we have missed the past two seasons.

Our team will still need pitching help unless the sore arm pitchers return to their 1958 form. The hitting needs will depend on good years from Gil Hodges, Snider, Carl Furillo and Charlie

## Keep In Trim

By IDA JEAN KAIN

### Off-Beat Diets Seen Ineffective

Novel, off-beat diets periodically capture the imagination of even the most cautious overweight. The promise of a rapid weight loss, of say, ten pounds, is hard to resist. Reasoning the quicker the better, you write to inquire, "Is this diet safe?" But never do you ask, "How effective is a quickie diet?"

Ida Jean Kain

Letters from discouraged overweight give the answer. They write to say they have "tried them all" — and are still fat.

The weak spot of the short-term reducing diet is that it does nothing to change the food habits that led to the overweight in the first place. Therefore, for most overweight, the only effective diet is a pattern that is based on the normal way of eating, with calories trimmed to permit a loss of one or two pounds a week.

THERE IS THIS to be said for short-term reducing diets. While they offer no permanent solution, sometimes a quickie diet will serve to convince you that the excess pounds will come off, and that you are not "intended" to be fat.

If you follow up a rigid diet with a protective low calorie diet patterned on good food habits, well and good. However, on-and-off dieting is not only futile, but it leads to a feeling of defeat on the weight score. You get the fixed notion

that you can never be normal weight.

How fast is it safe to reduce? AS fast as a sound, scientific reducing plan allows. It takes 800 to 1,000 calories a day to cover the essential nutrients. If you are not excessively overweight and are moderately active, you can expect to lose two pounds a week on a 1,000 calorie a day diet.

One doctor recommends this rule of thumb: Reduce fast at the start if you have more than twenty pounds to lose. The excessively overweight person can lose four to five pounds a week on a protective diet.

It's easy to see that the more overweight you are, the greater your proportion of soft flabby fat, the kind that is easy to lose. Later when the soft has been lost, the reducing rate slows down to around 2 pounds a week.

If you have less than 20 pounds to lose, be content to lose gradually so as to retrain your food habits and keep the pounds off.

SUMMED UP: A reducing diet must provide more than a means of slimming down. It should help you to establish good food habits.

Day-by-day eating of the right foods can eventually re-train the appetite control center in the brain and re-educate food tastes so that eating for normal weight becomes as automatic as overeating on fattening fare used to be.

Send a long, stamped, self-addressed envelope for "Hunger Control Diet." Address your request to Ida Jean Kain, in care of this newspaper. Post card requests can not be answered.

## Editor Gives Views About Integration

COLUMBUS, Ohio (AP)—A Pulitzer prize-winning editor from the Deep South says the intense reaction to the Supreme Court's decision on school integration stems from the reconstruction period following the Civil War.

The North, says Hodding Carter of the Delta Democrat-Times, Greenville, Miss., has forgotten too much of the lesson of the reconstruction era. The south, he adds, has remembered too much of it.

Two aims of the reconstruction have been accomplished, he told an audience at Ohio State University Thursday.

The first was to return the southern states to the Union. The second was to set up safeguards against possible renewal of rebellion.

But a third aim is still at issue today, he said. That, he went on,

is "a means of political and economic absorption as equals of some 3½ million freed Negroes in a nation reunited only by force of arms."

He said there still persists today the southern concept that the south is a nation within a nation. This, together with a "widespread suspicion and antagonism toward federal interference," is one of the legacies of the reconstruction period that prompted the reaction to the Supreme Court decision.

## 18 From County Unit Attend Cancer Session

Eighteen members of the Columbiana County Chapter of the American Cancer Society attended a Cancer Fund Crusade planning meeting at Canton Wednesday at which preparations for the April fund drive were outlined.

The group included Mrs. Jeanette Carpenter, Mrs. J. Donald Thompson, Mrs. Dorothy Horsley, Mrs. Jane Jolly and Thomas Eason of East Liverpool, and Mrs. Jayne Calhoun, Mrs. Mary Alice Rumberger, Mr. and Mrs. Charles Neal and Mr. and Mrs. Carl Potter of Lisbon.

## Damages Total Half Million In Car Mishap Suits

WILMINGTON (AP)—Damages totaling more than a half million dollars are sought in eight suits filed in Clinton Common Pleas Court in connection with an automobile accident.

The collision occurred near Martinsville Oct. 5, 1955 and involved automobiles driven by Robert

Retherford of Hamilton and John G. Ward Sr., of Dayton.

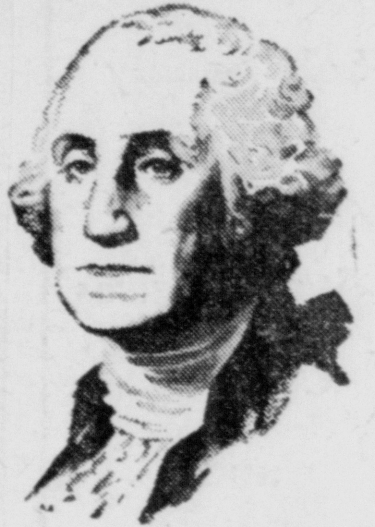

Ward was killed in the accident and the suits filed Thursday by Retherford, members of his family and other passengers in his car, are against Ward's estate.

Ward was charged with failure to stop at a stop sign, failure to yield the right-of-way and operating his automobile at an unsafe speed.

Retherford, who claimed he has been unable to work since the ac-

cident because of his injuries, sought the greatest amount—\$308,000. The other suits were filed for his wife and each of their three children, and Mr. and Mrs. Charles Shanks of Addyston and their daughter.
